

**INSTRUCTIONS TO WRITE THE MASTER'S
DEGREE FINAL PROJECT
MASTER'S DEGREE IN CHEMISTRY**

The Master's Degree final project report shall have a length between 20 and 30 1,15 spaced pages, with 2,5 cm margins and 12 font size, excluding bibliography. The report may be written in any of the two official languages of the University or in English. For the cover, **Annex VIB** model shall be used. The content shall be structured following these sections:

- Summary (in two of the accepted languages)
- Index
- Introduction
- Objectives
- Experimental part
- Results and discussion
- Conclusions
- Bibliography (following the **Annex VIC** format)
