

Julia Olmos-Peñuela

Universitat de València

Department of Management

Summary

Julia Olmos Peñuela is Associate Professor at the Department of Business Management of the University of Valencia. Her interests revolve around the production and transfer of knowledge, university-industry relationships (or science-society interactions in its broad sense) and innovation management. She has been involved in several competitive projects, as IP of a competitive project funded by the regional government and as a member of the research team in three research projects of the National Science and Technology Plan. Her research has been published in international journals such as *Research Policy*, *Technovation*, *Science and Public Policy*, *Technological Forecasting and Social Change*, *Minerva*, *Research Evaluation* or *European Planning Studies*, among others. She has been visiting scholar at the Department of Management of Université Laval (Canada) and at CHEPS-University of Twente (The Netherlands).

Research line

Organisational learning and quality management

Research Interest

Science-society relationships (in the field of humanities and social sciences)

Academic knowledge transfer
