

**EUROPEAN
STUDENT
PLACEMENT
AGENCY
LTD**

Who we are?

We are a student internship company based in Bath, UK providing high-quality internships for European students in the UK and Ireland. All of our internships are for a minimum duration of 6-months.

Our aim is to create meaningful internships with good tasks within great organizations that meet the educational needs of degrees and grant funding.

Our relationship with European Universities and Institutions

Our partner Universities are important to us. We work with 1000+ Universities & Business Schools from all across the 33 Erasmus countries. We aim to understand their student internship needs and to share relevant opportunities that would produce the most amazing experience for both the Host Company and the student.

Universities that agree to collaborate with us receive the internship opportunities first and can then share those with their students.

We also are always available to answer any questions our partners can have regarding our internships.

What is our process?

- 
- 1. Register on our Website**
 - 2. Apply to any internship offer(s) that interests you**
 - 3. A HR member will contact you if your profile matches**
 - 4. Skype interview with our HR team**
 - 5. Sign Commitment Agreement**
 - 6. Skype interview with the Host Company**
 - 7. If successful, sign the Internship Agreement**
 - 8. Arrival in the UK/Ireland for your Internship**

What is included in our service?

Our service is completely FREE for students.

Our vacancies can be applied for by any registered student or graduate who has an Erasmus+ grant status. Our internships are unpaid but the chosen student will be provided with a private room in a professional house share to live, with all utility bills, Wi-Fi etc paid and commuter travel to work provided , if necessary. ESPA source and manage the living accommodation and the student will receive a welcome pack (detailing addresses, commuting routes, local healthcare provision and our 24 hour pastoral care helpline) two weeks before they leave their home country for their international internship experience

Examples of internships we offer

Students feedback

Migle Serelyte

Market Research and
Communication

Bath

"I enjoyed working with an international team, having my own projects and especially, having a feeling that I was trusted by my colleagues..."

Ninsemou Toh

Junior Data Analyst

Belfast

"That work experience truly helped me to assert myself at work and about what I want for my career."

<https://www.espauk.com/students/testimonials/>

Gyula Kimpán

Innovation Incubator
Internship

London

"It was a prestigious placement that laid the foundation for a future path to a job with corporate innovation and venture capital."

<https://www.espauk.com/students/testimonials/>

Brage Ismark

Associate, Innovation Incubator

London

I had two main channels to contact ESPA; email and whatsapp. Both worked well and any question or request was answered quickly.
