Presented by: Tonetxo Pardiñas, Presidente of the "El Micalet" Choral Society.
Free entry, limited seat capacity.
For the photograph Walter Reuter (Germany 1906 - Mexico 2005) a good picture implies the responsibility of instilling feelings to the observer. Cristina Escrivà has carried out a biographical reconstruction through the photographic works of Reuter, researched in newspaper libraries and state and international archives, making clear the mastery of the artist. Photographies that tell stories, interpreted with the sensitivity of making visible what Reuter saw..

Organized by: Debate Forum.
