

## "Soberanos e intervenidos: estrategias globales, americanos y españoles"

**Date:** 7 de february de 2013 19:30 to 21:00. Thursday.

**Place:** Great Hall. La Nau (Universidad, 2).

**Topic:** Launch of the 4th (updated) edition of the book:  
"Soberanos e intervenidos: estrategias globales, americanos y españoles" (Siglo XII ed.), by Joan E. Garcés.  
With the participation of:  
Johan Galtung, sociologist.  
Joan E. Garcés, author of the book.  
Presented by Vicent Garcés, European Member of Parliament.  
Free entry, limited seat capacity.  
Throughout decades, the major powers are subjugating, when not directly intervening, in independent states through mechanisms that may be politely defined as "globalisation".  
Disclosing the political, economic and military strategies of those is the objective of this brilliant and well informed essay, a true plea in favour of the sovereignty and autonomy of the people for deciding their own destiny, and the development of a political culture as the ultimate weapon that possess the communities to achieve their objectives..

**Organized by:** Debate Forum.
