### Further information

Small ICT company of 4 employees with a good spirit and open minded. We are providing full support to small and medium business in terms of Hosting, Hardware, Software, Exchange, Telecom and domain management. What we don't provide in the IT, we have partners which will be able to provide it. Our goal is to be able to answer any question of our clients in the IT Field. Because we are a small company, our employees have very different tasks to do and thus learn a lot.
