POLITICAL THEORY

An International Journal of Political Philosophy

Editor: Tracy B. Strong

University of California, San Diego

Political Theory publishes articles on political philosophy from a variety of methodological, philosophical and ideological perspectives. It offers essays in historical political thought, modern political theory, normative and analytic philosophy, the history of ideas, as well as critical assessments of current work.

The journal serves as the leading forum for the development and exchange of political ideas. It's broad in scope and international in coverage. **Political Theory** has no single affiliation or orientation, and it's dedicated to serving the entire political theory community.

Political Theory brings you the latest thought and theory on political philosophy. The editorial board is truly representative and international, and it's dedicated to giving you thought-provoking and informative scholarship in a variety of forms, including:

Controversial and innovative ...
POLITICS
&
SOCIETY a quarterly journal

Politics & Society publishes original analyses of politics, including its social roots and its consequences. In its broadest sense, politics encompasses conflicts over the shape of social life, whether on the shop floor, within the family, or in the realm of the state and the world economy. The quest for a good society is also enduringly a part of political life.

The journal deals with all aspects of politics, with particular emphasis on radical approaches. The specific articles deal with an extremely wide range of substantive topics, but in recent years has been particularly concerned with the relationship between class and state, the politics of gender, politics and underdevelopment, the transformation of the state in advanced capitalism, microfoundations of class theory, and the state in socialist societies.

Contributions are welcome from people of many disciplines, and they may take the form of theoretical essays, historical investigations, philosophical reflections, and empirical research. **Politics & Society** is committed to developing Marxist, post-Marxist, and other radical perspectives and examination of what Robert Lynd once called "some outrageous hypothesis".
