Welcome! ¡Bienvenid@s!

Faculty of Medicine and Dentistry

University of Valencia, Spain

Dear student,

Thank you for your interest in the Faculty of Medicine and Dentistry, University of Valencia.

Please note that your admission depends on the acceptance of your Learning Agreement by the School of Medicine in Valencia (*Facultat de Medicina i Odontologia de la Universitat de València*).

You will find this Exchange Student Guide for medical and dentistry students at the following website,

<http://www.uv.es/uvweb/medicine/en/mobility-exchanges/incoming-students-other-universities/erasmus-studies/incoming-students/general-information-1285849536668.html>

Please, beware that is not possible to arrange practical clinical work in each subject. We would therefore like to remind all international relations offices that your medical students are not allowed to ask directly for clinical practices at any public hospital in Valencia, if they need our university's certificate afterwards. The legal and administrative problems this situation might create, whether or not they are students registered at the University of Valencia, are very serious. Any task carried out by a medical student has a social responsibility that has to be backed by an institution, and that means a written permission from both home and host international coordinators. Please check the new Erasmus+ Traineeship procedure.

http://ec.europa.eu/programmes/erasmus-plus/index_en.htm

We welcome all international students, and expect from them due respect to our administrative and academic procedures.

Additionally, it is important that you send your new Erasmus+ **Learning Agreement before June 15th** by email. It should be sent to the following address,

exteriores.medicina@uv.es

Erasmus code E_VALENCIO1

1. Admissions and acceptance for the Erasmus Students by the Medical and Dentistry School of the University of Valencia.

Please, read carefully. To be an Erasmus student at the University of Valencia, you must be aware of the following:

- Receipt of application forms prior to June 15th is mandatory. Due to the high demand, medical students as **free movers, and 6th year clinical practices students will not be accepted.**
- A group of local student mentors will assist with advice and general information for incoming students.
- It is highly recommended that foreign students have an appropriate knowledge of the Spanish language (B1).
- Period of stay: **Medicine** - A minimum of four months for 1st or 2nd semester and a maximum of ten for annual students. **Dentistry** – only admits annual students for 9 months.
- **Extension Periods:** only until the 30th July. Exams will take place during the dates established by the local academy committee (see section 1.b *academic calendar*).
- **Learning Agreements:**
 - Should be elaborated according to our study programme in which, with few exceptions, subjects are now divided into the first and the second semester/terms (please check programmes of the Medical School).
 - Changes to original *Learning Agreements* can be made before around 3rd week of september for the whole academic year subjects. Check academic calendar.
 - Any change of Learning Agreements must be approved by both coordinators.
- **Acceptance:** the number of students accepted will be strictly limited to those approved by the respective University's bilateral agreement under the areas
 - Medicine Erasmus code 12.1, ISCED 721 – new code: 0912
 - Dentistry Erasmus code 12.3, ISCED 724 – new code: 0911
- **Clinical training. Please check new study plan.**
 - 6th year (Practicum). We deeply regret to inform you that due to the limited number of places available, **Erasmus 6th year students will not be accepted and neither extra clinical practices will be organized, nor special arrangements.**

➤ **Erasmus+ Training Programme for Medicine**

Your home university must first check with its National Erasmus Agency and make the necessary arrangements to place their students directly with the institutions or hospitals they have previously made contact with. Our Faculty of Medicine and Dentistry is not responsible for it.

➤ **Erasmus+ Training Programme for Dentistry**

Please send your proposal to the coordinator for dentistry, doctor Forner, (email: leopoldo.forner@uv.es) if you want to come to the university dental clinic.

1.a Administrative Procedures. Medical and dentistry students:

1st. Once your home institution has sent us correctly your nomination as an exchange student, you will receive an e-mail from the UV International Relations Central Services, indicating you how to process the application. Thus, you will be able to fill in the online application form and upload the following documents:

- Passport or identity card
- Photograph (click here to see the requirements)
- European Health Insurance Card or a private medical insurance covering the full length of your stay in Spain

Once your application has been accepted, you will be able to access your Acceptance Letter.

2nd. Fill in the Erasmus+ *Learning Agreement* for studies with the selected subjects including **code**, and name of the subject.

3rd. Confirm that your LA (provisional) has been checked and approved by your coordinator and send it to us by e.mail: exteriores.medicina@uv.es

4th. After approval, qualifying students will have to come in person on the 1st week of September. You should present yourself at **Relaciones Exteriores Office** (at the Faculty of Medicine and Dentistry, Av. Blasco Ibáñez 15, 2nd floor) for all academic issues (enrolment, definitive learning agreements, student card, etc.)

5th. *Registration at the faculty*, please check the procedure at the website:

<https://www.uv.es/uvweb/medicina-odontologia/es/movilidad-intercambio/estudiantes-otras-universidades-incoming/erasmus-estudios/incoming/informacion-general-1285849536668.html>

Again, please remember:

- Late arrivals (after 15th September) will not have guarantee for placement for all subjects included in LAs
- Matriculation will be reserved exclusively to those subjects that appear in the definitive Erasmus + Learning Agreement, or an approved modification

Next you'll find the instructions in order to elaborate an appropriated Learning Agreement.

STUDENTS OF MEDICINE IMPORTANT WARNING:

INCOMINGS ERASMUS STUDENTS FULL YEAR STAY

- You can enrol two elective subjects, one each semester.
- You can choose subjects from one block (4th or 5th) for 1st semester and a different block for 2nd semester. If you enroll subject from 5th block on 1st semester and 4th block on 2nd, from subjects 34473, 34482 and 34481, you can only choose 2 of them.
- Compatibility in timetable is not guarantee if you choose subjects from different courses

BLOCK 4th

1st semester

34487 Dermatology

34475 Hematology

34480 Nephrology and urology

34463 Clinical radiology, physical medicine and rehabilitation

You can substitute one of these subjects for: One subject from 3th or 5th year (1st semester)

2nd semester

34473 Oncology and medical genetics

34482 Pathology of the digestive system

34483 Pathology of the locomotor system

34481 Pathology of the respiratory system

34471 Psychiatrics

You can substitute one of these subjects for: One subject from 3th or 5th year (2nd semester)

BLOCK 5th

1st semester

34470 Primary care and geriatry

34477 Endocrinology and nutrition I

34468 Clinical pharmacology

34484 Pathology of the nervous system

34488 Paediatrics I

You can substitute one of these subjects for one subject from 3th or 4th (first semester) except 34475 (Hematology), 34480 (Nephrology and urology)

2nd semester

34478 Endocrinology and nutrition II

34476 Infectious illnesses and clinical microbiology

34489 Paediatrics II

34490 Obstetrics and gynaecology

34459 Legal medicine and public health

34472 Casualties, medical emergencies and clinical toxicology

You can substitute one of these subjects for one subject from 3th or 4th (second semester) except 34481 (Pathology of the respiratory system), 34482 (Pathology of the digestive system) and 34473 (Oncology and Medical genetics)

STUDENTS OF MEDICINE IMPORTANT WARNING:

INCOMINGS ERASMUS STUDENTS 1ST SEMESTER STAY

INCOMINGS ERASMUS:

The Learning Agreement for year should be adapted to the following rules:

- Compatibility in timetable is not guarantee if you choose subjects from different courses
- You can enrol one elective subject (1st semester)
- You can enrol all subjects from same block with the following exceptions:

BLOCK 4TH

1st semester

34487 Dermatology

34475 Haematology

34480 Nephrology and urology

34463 Clinical radiology, physical medicine and rehabilitation

You can substitute one of these subjects for:

- One subject from 3th or 5th year (first semester).
- Subjects 34475 (Haematology) and 34480 (Nephrology and urology) is compulsory to enrol joint; It is not possible to enrol only one of them.

BLOCK 5TH

1st semester

34470 Primary care and geriatrics

34477 Endocrinology and nutrition I

34468 Clinical pharmacology

34484 Pathology of the nervous system

34488 Paediatrics I

You can substitute one of these subjects for one subject from 3th or 4th year (first semester) except 34475 (Haematology) and 34480 (Nephrology and urology)

Elective subjects 1st semester

34493 Diet and dietetics
34495 Microbiological principles of antimicrobial treatment
34496 Molecular principles of pathology
34497 Maxillofacial plastic surgery
34506 Health planning and clinical administration
34507 Production, publication and diffusion of research results
34510 Genetic and cellular therapy
36318 Medical image breakthrough
36319 Fundamentals of Intensive Care and Techniques for the Treatment of Severe Pain
36320 Child and Adolescent Psychiatry and Psychosomatic Pathology

Elective subjects 2nd semester

34499 Pharmacoepidemiology
34500 Physiology of physical exercise and sport
34504 New technologies in biomedicine
36316 Quality of Health Care

INCOMINGS ERASMUS STUDENTS 2nd SEMESTER STAY

The Learning Agreement for year should be adapted to the following rules:

- Compatibility in timetable is not guarantee if you choose subjects from different courses
- You can enrol one elective subject (2nd semester)
- You can enrol all subjects from same block with the following exceptions:

BLOCK 4th

2nd semester

- 34473 Oncology and medical genetics
- 34481 Pathology of respiratory system
- 34482 Pathology of the digestive system
- 34483 Pathology of the locomotor system
- 34471 Psychiatics

Only 2 subjects from 3

You can add one more subject from 3rd or 5th year (second semester)

You can add one elective subject (second semester)

BLOCK 5th

2nd semester

- 34478 Endocrinology and nutrition II
- 34476 Infectious illnesses and clinical microbiology
- 34489 Paediatrics II
- 34490 Obstetrics and gynaecology
- 34459 Legal medicine and public health
- 34472 Casualties, medical emergencies and clinical toxicology

You can substitute one of these subjects for:

- Any subject from 3rd (second semester)
- One of this subjects from 4th year:
 - 34483 Pathology of the locomotor system
 - 34471 Psychiatics
- You can add one elective subject (second semester)

SECOND SEMESTER ELECTIVE SUBJECTS (LIMITED PLACES)

- 34499 Pharmacoepidemiology
- 34500 Physiology of physical exercise and sport
- 34504 New technologies in biomedicine
- 36316 Quality of Health Care

1.b Academic calendar and timetables.

They are available on the website of the Faculty www.uv.es / **mediodont: A** (half Spanish half English), **B** or **C** stands for courses offered in Spanish, **V** in *Valenciano*)

The academic calendar generally consist of two semesters, 1st semester starting on September and ending with the exams in January, and a second semester starting on February with exams on June. Retake exams are held on July.

We have holidays on Christmas, Fallas (16-19th March) and Easter.

<http://www.uv.es/uvweb/medicine/en/undergraduate-degree-studies/degrees/degree-programmes-offered/timetables-exam-dates-1285849536633.html>

Timetables consist of theory lessons (1hr) at 08:00, 13:00 and 14:00, and practical sessions from 09:00 to 13:00. Some subjects (optional ones) have their classes on the afternoons (ranging from 16:00 to 19:00).

1.c Description of the institutional grading system.

LOCAL GRADE				ECTS GRADE
the results of the examinations as expressed as numerical marks from 0 to 10				
Alphabetic qualification			Numeric qualification (from 1 to 10)	
SU	Suspense	<i>Fail</i>	from 0'00 to 4'99	F
AP	Aprobado	<i>Sufficient</i>	from 5'00 to 5'99	E
AP	Aprobado	<i>Satisfactory</i>	from 6'00 to 6'99	D
NT	Notable	<i>Good</i>	from 7'00 to 7'99	C
NT	Notable	<i>Very Good</i>	from 8'00 to 8'99	B
SB	Sobresaliente	<i>Excellent</i>	from 9'00 to 10'00	A
Apto	<i>Pass Positive assessment of clinical attachments based on attendance for Clinical Training</i>			
NP	No presentado <i>Absent</i>			

The Transcript of Records will reflect the subjects and will be graded according to our study programme and ECTS credits.

2. Staff and Departments

3. Student life

3. a University Guide

- General information - [UV Guide for incoming students](#)
- Erasmus Student Association – www.erasmusvalencia.com

4. b **What's on:** Theatre, cinema, music...

- At our university <https://www.uv.es/cultura>
- And Valencia <http://au-agenda.com/>

4. Libraries

The University of Valencia has three different campuses: *Tarongers* (Social Sciences Campus, next to the Polytechnic University of Valencia), *Burjassot* (Science Campus), and *Blasco Ibáñez* (Humanities and Medicine and Dentistry Campus).

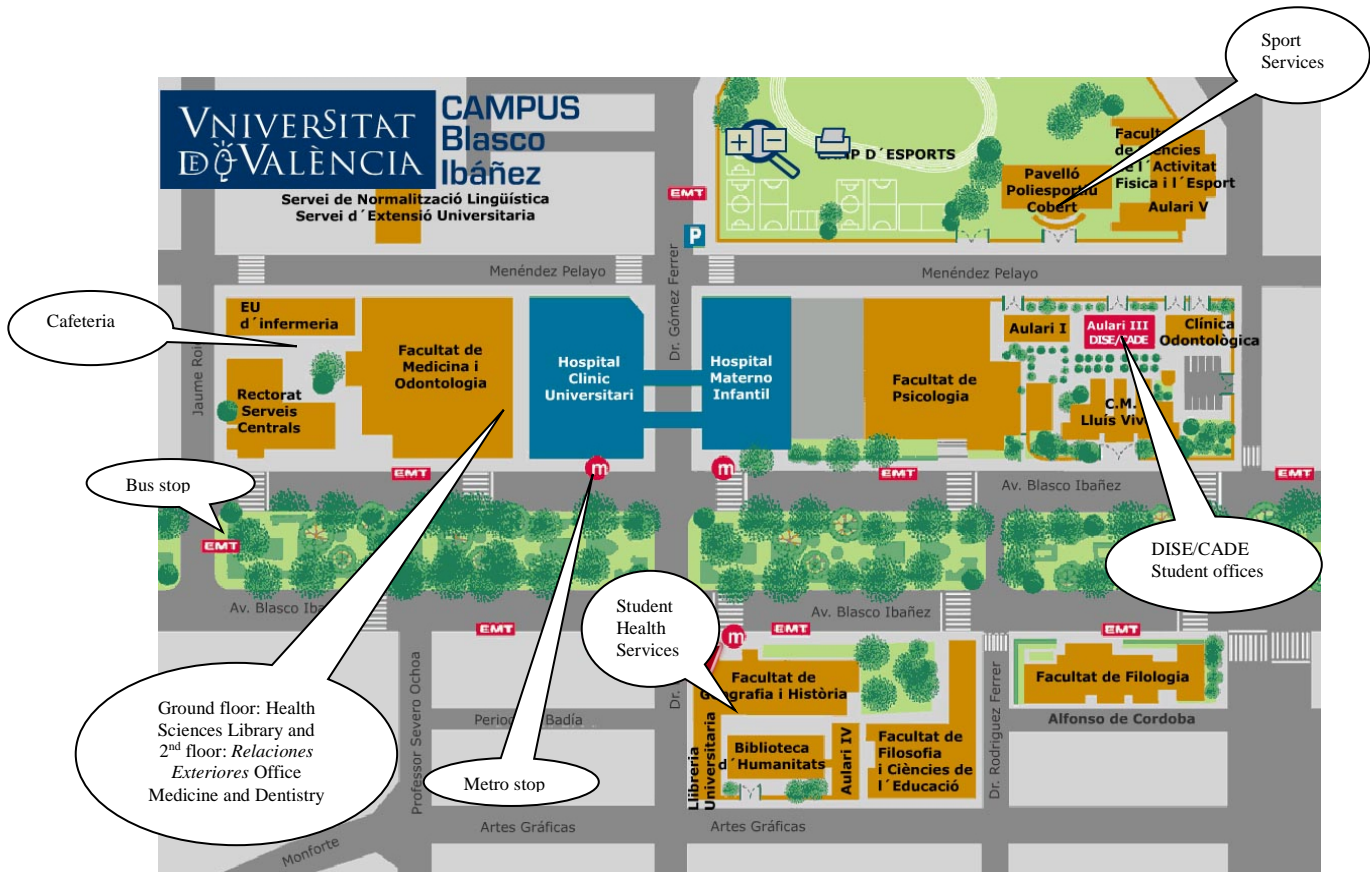

Each campus has its own library. Medical students should refer to the Health Sciences Library

http://biblioteca.uv.es/castellano/bibliotecas/de_campus/b_medicina/b_ciencias_med.php

After enrolment, students will receive their student card (*carnet universitario*), an electronic card which allows them access to different library services, student must ask for it after enrolment.

5. Health care and sport services

Again, each campus has its own health service. Medical and dentistry students should refer to their *Blasco Ibáñez* campus for Humanities and Medicine and Dentistry [health service](#), which is at the Geography and History Faculty, Av. Blasco Ibáñez, 28.

Please check this link for the Sport services <http://sefuv.uv.es/sesport/>

6. [Study plans:](#)

Year six Practicum is not offered to Erasmus exchange students. Please refer to our subjects offered section. No extra clinical practices will be arranged nor special practice periods either:

<http://www.uv.es/mediodont>

6.a Medicine Study Plan or *Grado en Medicina*:

Study programme, years 1-6:

Posts are limited: in order to avoid timetable conflicts, we recommend taking course-blocks, that is, same year (1 – 5) / semester (Autumn or Spring / group (A, B or C – do not take V subjects, they are in Catalan-Valencian) and location (H. Clínico, H. General, H. Peset (from year 3 Spring semester on, lectures, practices and seminars are not held at the faculty premises, but in those hospitals instead).

34734	Introduction to research into dentistry and the publication and dissemination of results	6	Optional	Check info
34731	Orofacial sensitivity	4,5	Optional	Check info
34739	Dental care for disabled patients	6	Optional	Check info
34736	Advanced clinical cardiology	6	Optional	Check info
34735	Implant surgery	6	Optional	Check info
34740	Mixed prosthetics and implant prosthetics	6	Optional	Check info
34741	Advanced diagnosis techniques for dental and cervicofacial pathology	6	Optional	Check info

****Elective subjects change slightly from year to year, and some may not be offered***

In the fifth academic year, students must carry out tutored practicum that will allow them to acquire the necessary practical knowledge to work autonomously.

The tutored practicum involve active participation in health services and working on real clinical cases.

The following hospitals are linked to the Faculty of Medicine and Dentistry:

General University Hospital and Doctor Peset University Hospital.

The University of Valencia also has its own Dentistry Clinic, where students are trained to attend to external patients, also in Dental Units at the Health Centers in the Public Health Service.

Manual de español médico para estudiantes de Medicina

by Dimitrova Karaboycheva, Gergana 2014

<http://roderic.uv.es/handle/10550/37332>

This is a guidebook designed for medical exchange students coursing clinical internships in Spanish hospitals. Its purpose is to give an example of systematic question making to collect the medical history and exploration data of a patient and also of writing a medical record in Spanish. In addition, it contains vocabulary on anatomy, medical procedures, material, abbreviations and some synonyms in formal and colloquial language frequently used by patients. Finally, there is a brief introduction to the structure of Spanish health system and hospital functioning.
