

EUROPEAN COMMISSION
RESEARCH EXECUTIVE AGENCY

Flash information on the evaluation of a call for proposals

Call identifier:	FP7-PEOPLE-2012-CIG
Call title:	Marie Curie Career Integration Grants (CIG)
Published:	20 October 2011
2nd cut off:	18 September 2012
Budget available :	€ 20.0 million

The Research Executive Agency, assisted by independent experts, has now completed the evaluation of proposals submitted to the above call. The names of all the experts used in relation to this theme will be published on Participants Portal, on an annual basis.

The results of the evaluation by experts are summarised below:

Number of proposals submitted:	912
Number of ineligible proposals:	11
Number of withdrawn proposals:	2
Number of proposals receiving an evaluation score above the applicable threshold:	772
Total requested EU contribution from these above-threshold proposals:	€ 72.352.083,34

Applicants will be informed of the evaluation scores and comments relating to their own proposals.

The number of proposals that can finally be funded depends on the available budget, the outcome of negotiations, and the completion of the formal procedures. It is expected that the first grant agreements with successful applicants will be concluded in February 2013.

Information on the selected projects will be published on the Participants Portal once grant agreements have been established.

For any question regarding this call or FP7, please contact the Research Enquiry Service at <http://ec.europa.eu/research/enquiries>.
