

In the coming months, many topics will be open for submission under Horizon 2020, the European framework programme for research and innovation. This **SPACE** calendar is addressed to UVEG researchers. Check below if your topic is included. If so, please contact [OPER UV](#) to assist you in the preparation of your proposal.

## CALL: APPLICATIONS IN SATELLITE NAVIGATION – GALILEO – 2017

Call identifier: [H2020-GALILEO-GSA-2017](#)

Open 8 November 2016 – Deadline 1 March 2017

- GALILEO-1-2017: EGNSS Transport applications IA
- GALILEO-2-2017: EGNSS mass market applications IA
- GALILEO-3-2017: EGNSS professional applications IA
- GALILEO-4-2017: EGNSS awareness raising and capacity building CSA

## CALL: COMPETITIVENESS OF THE EUROPEAN SPACE SECTOR: TECHNOLOGY AND SCIENCE

Call identifier: [H2020-COMPET-2017](#)

Open 8 November 2016 – Deadline 1 March 2017

- COMPET-1-2017: Technologies for European non-dependence and competitiveness RIA
- COMPET-2-2017: Competitiveness in Earth observation mission technologies RIA
- COMPET-3-2017: High speed data chain RIA
- COMPET-4-2017: Scientific data exploitation RIA
- COMPET-5-2017: Space Weather RIA
- COMPET-6-2017: Space portal CSA
- COMPET-7-2017: Technology transfer and business generators CSA

## CALL: EARTH OBSERVATION

Call identifier: [H2020-EO-2017](#)

Open 8 November 2016 – Deadline 1 March 2017

- EO-1-2017: Downstream applications IA
- EO-2-2017: EO Big Data Shift RIA
- EO-3-2017: Preparation for a European capacity to monitor CO2 anthropogenic emissions CSA
