

1 or 2 Internship contracts for students of the Master's Degree in Chemistry

Internships available in the group of Prof. Carlos J. Gómez at the Institute of Molecular Science (ICMol: www.icmol.es) of the Universidad de Valencia in the frame of the project:

MOFs y Materiales Moleculares Multifuncionales: diseño, síntesis, caracterización y procesado.

Applicants must have:

- Completed their Degree in Chemistry in the academic year 2016-2017 or later with an average mark of at least 8 points.
- Enrol in the Master's Degree in Chemistry (<https://www.uv.es/uvweb/master-chemistry/en/master-s-degree-chemistry-1285949129052.html>) in the academic year 2018-2019.
- Develop their Master's Final Project at the Tuneable Multifunctional Molecular Materials (M4) team.
- Strong oral and written communication skills in English are recommendable.

Duration: 4 consecutive months during the academic year 2018-2019

Salary: 2.400 € divided in four monthly wages of 600 €.

Applications should be **addressed to Prof. Carlos J. Gómez** and sent via email with

1. a) Motivation letter (why do you want to join us?).
2. b) Curriculum vitae.
3. c) Degree academics records, with the number of obtained ECTS credits and average score with 2 decimals in a 0-10 scale.
4. d) For non-Spanish degrees we also require a document issued by the Spanish Ministry of Education, Culture and Sport with the Spanish grading scale equivalent average score. This document can be obtained through the webpage "[Equivalencia de notas medias de estudios universitarios realizados en centros extranjeros](#)".

All the applications will be treated confidentially.
