## ➤ Social Security

- European residents having public social security health access in home country are entitled to **European Health Insurance Card (EHIC)**
- EHIC allows the same health care than a national
- You must have already got it in your home country

The screenshot shows the European Commission website page for the European Health Insurance Card. The page is titled "EMPLOYMENT, SOCIAL AFFAIRS & INCLUS" and features a navigation menu with "POLICIES AND ACTIVITIES", "NEWS AND MULTIMEDIA", and "PUBLICATIONS AND DOCUMENTS". The main content area is titled "European Health Insurance Card" and includes a video player with the text "You're covered with the European Health Insurance Card." Below the video, there is a section titled "Important – the European Health Insurance Card:" with a list of key points:

- is **not an alternative to travel insurance**. It does not cover any private healthcare or costs such as a return flight to your home country or lost/stolen property,
- does **not cover** your costs if you are **travelling for the express purpose of obtaining medical treatment**,
- does **not guarantee free services**. As each country's healthcare system is different services that cost nothing at home might not be free in another country.

A "Please note:" section states: "when you move your **habitual residence** to another country, you should register with the **S1 form** instead of using the EHIC to receive medical care in your new country of habitual residence."

At the bottom of the page, there is a link to "Download the app for your smartphone".

### FREE CATALAN COURSES for exchange students

The University has two official languages: Catalan (known locally as *valencià*) and Spanish (often referred to as *castellà*). Both are used for academic and administrative purposes, as well as for daily life.

Catalan is easy to understand and learn, especially if you already know another Romance language, such as Italian, French, Portuguese, Romanian or Spanish. With 10 million speakers, it's the official language in Catalonia, the Balearic Islands, Valencia, Eastern Aragon, Andorra and Alghero (Italy).

Take advantage of this opportunity and join a UV Catalan beginners course (A1) for **free**.
