

Validation of credit transfer

1. Validation of credit transfer for subjects passed at the UV:
 - a. The average mark obtained in semesters 1 (Year 1) and 3 (Year 2) by students in the T2M-UB, calculated according to the procedure in force, will be validated for Year 4 of TMI-UV and for the MTCH-UV, respectively.
 - b. The average mark obtained in the corresponding semester in T2M-UB will be assigned to all subjects of the learning agreement.
 - c. No subject will be validated if the average mark for the semester is not equal to or higher than 5.
2. Validation of credit transfer for subjects passed at the UB:
 - a. The marks obtained in the subjects of semesters 2 (Year 1) and 4 (Year 2) of MTI-UB will be validated for Year 4 of TMI-UV and for the MTCH-UV, respectively.
 - b. The T2M-UB will validate these subjects for those agreed upon in the learning agreement, assigning the weighted average mark of the marks obtained at the Universitat de València to the corresponding semester.
3. Bachelor's and master's theses:
 - a. The Bachelor's Thesis (TFG) must be registered and presented at the Universitat de València, in accordance with its regulations.
 - b. The Master's Thesis (TFM) must be registered and presented at the Universitat de València, according to its regulations. However, the TFM will be co-directed by two lecturers, one from each partner university. The co-directors must agree on common evaluation criteria. Without prejudice to the UV regulations on master's theses, there must be at least one lecturer from the UB in the examination panel.

Both theses will be validated as indicated in the programme of studies.
