ANNEX

DONATION OF PUBLICATIONS

The Joan Lluís Vives Psychology and Sports Library welcomes donations of books and other documents that support the achievement of this institution's learning, teaching, research, and cultural objectives.

GENERAL GUIDELINES:

- Before making any donation, you can check the library catalog (<http://trobes.uv.es/>) to see if the library already holds copies of the works being donated.
- If the donation consists of a small number of volumes, it should be left at the reception desk along with this completed and signed form.
- For larger donations, please contact the library administration via the virtual reference service "The Library Responds" by selecting "Biblioteca Psicología y Deporte" from the drop-down menu.
- We would appreciate a brief description of the donation to facilitate the selection process and its potential incorporation into the Library.
- The Library reserves the right to accept or reject all or part of a donation, provided it is of interest to the Institution.
- The accepted copies will be incorporated into the collection and made available to users, in accordance with the conditions of access and use established by current regulations.
- Once accepted, the donated material shall become the property of the Universitat de València, which shall have the authority to organize, maintain, donate to third parties, exchange, recycle, weed, house, and use the holdings as it deems appropriate.
- Where applicable, an email acknowledging receipt and expressing thanks will be sent to the address provided on the form.
- The library will, where appropriate, include the name of the donor—whether an individual or an entity—in the catalog alongside the bibliographic description of the accepted donation.
