

CECT FEES 2024

Strain supply in different formats

Freeze-dried strains or CECT 1R (Check availability for CECT 1R)	
Intern users	23,59 €
Public entities with CIF letter S, P o Q	47,19 €
Extern users	94,37 €
Active cultures	
Rate A: active culture of strains maintained by freeze-drying in the CECT	188,64 €
Replicate of an active culture, each plate/subculture	27 €
Arbuscular mycorrhizal fungal spore suspension	233,02 €
Acticult® 3R: Active Culture and 3 vials for back up	244,12 €
CECT 6R: Presentation including 6 inoculated vials for stockage	244,12 €
Quantified CECT 6R: Presentation including 6 inoculated vials with known cfu/ml for stockage	323,19 €
Quantified CECT 6R inactivated: Presentation including 6 inoculated vials with known inactivated cfu/ml.	377,06 €
Genomic DNA	170 €
Virus (frozen vial)	166,44 €

Assortments of strains

	Public entities	Private entities
Assortments for training at Universities and secondary education centres (freeze-dried)	96,96 €	484,79 €
Assortments for training at Universities and secondary education centres (active culture)	235,66 €	942,64 €
Challenge test for preservatives (freeze-dried)	416,16 €	416,16 €
Water analysis test (freeze-dried)	332,89 €	332,89 €

Recovery kits and strain preservation

Recovery kit	34,80 €
10 preservation vials	23,81 €
30 preservation vials	58,07 €

Services. Identification

	External users	Internal users
Filamentous fungi strain identification by molecular and phenotypical methods	299,70 €	239,76 €
Yeast strain or arbuscular mycorrhizal fungi identification by molecular methods	290,01 €	232,01 €
Identification of a prokaryotic strain after partial 16S rRNA gene sequencing analysis	208,78 €	167,02 €
Identification a prokaryotic strain after almost complete (> 1400 bp) sequencing of the 16S rRNA gene	290,01 €	232,01 €
Genomic region sequencing (recA, gyrB, ftsZ, pyrH, rpoD, mreB, ITS region, beta-Tubulin, TEF1, ACT1, etc)	139,29 €	111,44 €
Phylogenetic analysis from a genomic region	710,05 €	568,04 €
Identification of strains by MALDI-TOF MS Biotyper	39 €	31,20 €
MSP (Main Spectrum Profiles) MALDI-TOF MS	107,73 €	107,73 €
Cluster analysis by MALDI-TOF MS	53,87 €	53,87 €
Protein extraction for MALDI-TOF MS	15 €	15 €

Genome obtention and analysis

Prokaryotic genome (including checking by 16S rRNA gene sequencing). Each strain, minimum 6 strains (less than 6 strains ask for fees)	678,38 €
Genomic analysis of a prokaryotic strain (assembly and annotation)	339,24 €
Genomic analysis of an eukaryotic strain until 40 Mb (including checking by ITS region sequencing). Each strain	1185,03 €
DNA G+C mol% content	150,71 €
Genome comparison (up to 3 references)	179,65 €

Phenotypic analysis

Cellular fatty acid analysis (MIDI)	73,15 €
Phenotypic characterisation through API® 20 A, 20 E, 20 NE, CANDIDA, CORYNE, LISTERIA, rapid ID 32 STAPH, rapid ID 32 STREP (minimun 5 strains)	85 €
Phenotypic characterisation through API® 50 CHB, 50 CHE and 50 CHL	100 €
Morphological and physiological study (filamentous fungi)	174,09 €

Morphological study of prokaryotes (cellular morphology, Gram, KOH, catalase, oxidase)	58,7 €
Flagellar staining	61,51 €
Others (PHB detection, agarase activity, etc.). Minimum 4 strains	116,03€
From the fifth strain, each strain	17,45 €

Genotypic and phylogenetic analysis

	External users	Internal users
Obtainment of genetic profiles (RAPDs, SSR...), every two strains	278,48 €	278,48 €
From the third strain more, each strain	92,86 €	92,86 €
From the second primer, every two strains	22,95 €	22,95 €
From the third strain or more for each prime	5,82 €	5,82 €

Preservation services

Freeze-dried by request	
Minimum order 10 ampoules per strains	143,93 €
Additional ampoules	10,34 €
Use of the freeze-dryer	124,43 €
Biological material custody	
In liquid N2 (each box in shared box per year)	102,6 €
In liquid N2 (each box complete box per year)	205,2 €
In -80°C (each criovial box up to 2 ml and year)	128,25 €
Manipulation of vials in liquid N2	56,02 €
Manipulation of vials in -80°C	28,01 €

Complementary services

DNA extraction (5 µg)	69,59 €
(50 µg)	290,01 €
Opening of ampoules	94,27
Isolation and purification	
Isolation from a mixed culture plate, each plate	58, 07 €
Isolation from complex samples	Consultar

Isolation of arbuscular mycorrhizal fungi	110,96 €
Plate counts in general media*	114,84 €
Issuance of certificates	52,25 €
Issuance of reports	116,03 €

*Plate counts on specific media, ask for fees

Budapest Treaty related services

Deposit strains of fungi, bacteria or yeasts (Rule 6.1)	700 €
Redeposits	80 €
Extending storage time over the period stipulated by the Budapest Treaty (Rule 9)	105 €
Issue of viability certificates by request	111 €
Issue of viability certificates with reference of the last viability test	50 €
Furnishing of samples (Rule 11)	130 €
Request for information (Rule 7.6)	130 €
Issue of certificates (Rule 8.2)	50 €
Duplicate or translation of form BP/4	50 €
Bank and processing charges	5 – 40 €

Safe deposit of strains

	External users	Internal users
1 year	344,63 €	275,70 €
5 years	574,42 €	459,53 €
10 years	919,04 €	735,24 €
Extending storage time for 5 year	344,63 €	275,7 €
Extending storage time for 10 years	615,6 €	492,48 €
Strain supply: check table "Strain supply in different formats"		

Arbuscular mycorrhizal fungi	
Initial deposit for 1 year	517,10 €
Extending storage time for 5 years (includes viability control)	577,64 €
Extending storage time for 10 years (includes viability control)	1081,64 €

Consultancy, training and custom-made services

Model course about conservation and control of microorganisms.	
1 person	1.160,47 €
2 persons	1.856,51 €
3 persons	2.320,61 €

Packing supplement and shipping costs

Packing of anaerobic and other strains with special requirements (i.e. <i>Campylobacter</i> strains)	11,98 €
Bulky packages	11,98 €
Permit procedures	35,94 €
Dry ice shipments	Ask for fee

Shipping costs

Spain (except Canary Islands, Ceuta and Melilla)	17,5 €
Canary Islands	104,68 €
Zone 1	40,7 €
Zone 2	69,78 €
Zone 3	81,41 €
Zone 4	116,3 €
Other countries	Ask for fee

Zona 1: Austria, Belgium, Ceuta, Croatia, Cyprus, Denmark, Estonia, Finland, Francia, Germany, Greece, Ireland, Italy, Luxemburg, Malta, Melilla, Netherland, Portugal, Slovakia.

Zona 2: Bulgaria, Canada, Czech Republic, Hungary, Latvia, Lithuania, Poland, Romania, Slovenia, Sweden, United States (Remote areas: Azores, Cefalonia, Cortignola, Crete).

Zona 3: Argentina, Australia, Brunei, Chile, Colombia, Guatemala, Peru, South Korea, Thailand and Tunisia.

Zona 4: Albania, Bosnia Herzegovina, India, Island, Japan, Pakistan, Turkey and Ukraine

These rates may vary throughout the year depending on the price of the courier company.

To all the prices indicated, 21% must be added as VAT for orders billed to Spain except the Canary Islands, Ceuta and Melilla. Orders from certain countries will be charged a percentage of the final price for bank and administrative expenses
