

CECT FEES 2022

Strain supply in different formats

Freeze-dried strains or CECT 1R (Check availability for CECT 1R)	
Intern users	22,6 €
Public entities with CIF letter S, P o Q	45,1 €
Extern users	87,6 €
Active cultures	
Rate A: active culture of strains maintained by freeze-drying in the CECT	175,1 €
Rate B: active culture of strains that cannot be maintained by freeze-drying in the CECT	
Extern users	175,1 €
Intern users	80,8 €
Replicate of an active culture, each plate/subculture	16,2 €
Arbuscular mycorrhizal fungal spore suspension	216,3 €
Acticult® 3R: Active Culture and 3 vials for back up	226,6 €
CECT 6R: Presentation including 6 inoculated vials for stockage	226,6 €
Quantified CECT 6R: Presentation including 6 inoculated vials with known cfu/ml for stockage	300 €
Quantified CECT 6R inactivated: Presentation including 6 inoculated vials with known inactivated cfu/ml.	350 €
Genomic DNA	123,6 €
Virus (frozen vial)	154,5 €

Assortments of strains

	Public entities	Private entities
Assortments for training at Universities and secondary education centres (freezed-dried)	96,9 €	450 €
Assortments for training at Universities and secondary education centres (active culture)	215,4 €	875 €
Challenge test for preservatives (freeze-dried)	386,3 €	386,3 €
Water analysis test (freeze-dried)	309 €	309 €

Recovery kits and strain preservation

Recovery kit	32,3 €
10 preservation vials	22,1 €
30 preservation vials	53,9 €

Services. Identification

	External users	Internal users
Filamentous fungi strain identification by molecular and phenotypical methods	278,2 €	222,6 €
Yeast strain or arbuscular mycorrhizal fungi identification by molecular methods	269,2 €	215,4 €
Identification of a prokaryotic strain after partial 16S rRNA gene sequencing analysis	193,8 €	155,1 €
Identification a prokaryotic strain after almost complete (> 1400 bp) sequencing of the 16S rRNA gene	269,2 €	215,4 €
Identification of strains by MALDI-TOF MS Biotyper	36,2 €	28,9 €

Genome obtention and analysis

Prokaryotic genome (including checking by 16S rRNA gene sequencing). Each strain, minimum 6 strains (less than 6 strains ask for fees)	629,7 €
Genomic analysis of a prokaryotic strain (assembly and annotation)	314,9 €
Genomic analysis of an eukaryotic strain until 40 Mb (including checking by ITS region sequencing). Each strain	1100 €

Phenotypic analysis

Cellular fatty acid analysis (MIDI)	67,9 €
Phenotypic characterisation through API® 20 A, 20 E, 20 NE, CANDIDA, CORYNE, LISTERIA, rapid ID 32 STAPH, rapid ID 32 STREP or ZYM®	60,4 €
Phenotypic characterisation through API® 50 CHB, 50 CHE and 50 CHL	77,6 €
Morphological and physiological study (filamentous fungi)	161,6 €
Morphological study of prokaryotes (cellular morphology, Gram, KOH, catalase, oxidase)	53,9 €
Flagellar staining	57,1 €
Protein profile by MALDI-TOF MS	Ask for fee

Others (PHB detection, agarase activity, etc.). Minimum 4 strains	107,7 €
From the fifth strain, each strain	16,2 €

Genotypic and phylogenetic analysis

	External users	Internal users
Genomic region sequencing (recA, gyrB, ftsZ, pyrH, rpoD, mreB, ITS region, beta-Tubulin, TEF1, ACT1, etc)	129,3 €	103,4 €
Phylogenetic analysis from a genomic region	659,1 €	527,3 €
Obtainment of genetic profiles (RAPDs, SSR...), every two strains	258,5 €	258,5 €
From the third strain more, each strain	86,2 €	86,2 €
From the second primer, every two strains	21,3 €	21,3 €
From the third strain or more for each prime	5,4 €	5,4 €

Preservation services

Freeze-dried by request	
Minimum order 10 ampoules per strains	133,6 €
Additional ampoules	9,6 €
Use of the freeze-dryer	115,5 €
Biological material custody	
In liquid N2 (each vial per year)	Ask for fee
In -80°C (each criovial box up to 2 ml and year)	Ask for fee
In controlled temperature room	Ask for fee

Complementary services

DNA extraction (5 µg)	64,6 €
(50 µg)	269,2 €
Isolation and purification	
Isolation from a mixed culture plate, each plate	53,9 €
Isolation from complex samples	Ask for fee
Isolation of arbuscular mycorrhizal fungi	103 €
Plate counts in general media*	106,6 €
Issuance of certificates	48,5 €
Issuance of reports	107,7 €

*Plate counts on specific media, ask for fees

Budapest Treaty related services

Deposit strains of fungi, bacteria or yeasts (Rule 6.1)	700 €
Redeposits	80 €
Extending storage time over the period stipulated by the Budapest Treaty (Rule 9)	105 €
Issue of viability certificates by request	111 €
Issue of viability certificates with reference of the last viability test	50 €
Furnishing of samples (Rule 11)	130 €
Request for information (Rule 7.6)	130 €
Issue of certificates (Rule 8.2)	50 €
Duplicate or translation of form BP/4	50 €
Bank and processing charges	5 – 40 €

Safe deposit of strains

	External users	Internal users
1 year	319,9 €	255,9 €
Arbuscular mycorrhizal fungi	480 €	480 €
5 years	533,2 €	426,6 €
10 years	853,1 €	672,2 €
Extending storage time for 1 year	106,6 €	85,3 €
Arbuscular mycorrhizal fungi	360,5 €	360,5 €
Extending storage time for 5 years	319,9 €	255,9 €
Strain supply: check table "Strain supply in different formats"		

Consultancy, training and custom-made services

Model course about conservation and control of microorganisms.	1.077,2 €
1 person	1.723,3 €
2 persons	2.154,1 €
3 persons	
Training stays on demand	Ask for fee
<i>In silico</i> screening of information about strains	Ask for fee
Research services	Ask for fee

Packing supplement and shipping costs

Packing of anaerobic and other strains with special requirements (i.e. <i>Campylobacter</i> strains)	10,3 €
Bulky packages	10,3 €
Permit procedures	30,9 €
Dry ice shipments	Ask for fee

Shipping costs

Spain (except Canary Islands, Ceuta and Melilla)	15 €
Canary Islands	80 €
Zone 1	35 €
Zone 2	60 €
Zone 3	70 €
Zone 4	90 €
Other countries	Ask for fee

Zona 1: Germany, Austria, Belgium, Ceuta, Croatia, Denmark, Slovakia, Estonia, Finland, Francia, Greece, Ireland, Italy, Luxemburg, Malta, Melilla, Netherland, Portugal, Cyprus.

Zona 2: Bulgaria, Canada, Slovenia, United States, Hungary, Latvia, Lithuania, Poland, Czech Republic, Romania, Sweden, (Remote areas: Azores, Cefalonia, Cortignola, Crete).

Zona 3: Argentina, Australia, Brunei, Chile, Colombia, South Korea, Guatemala, Peru, Thailand and Tunisia.

Zona 4: Albania, Bosnia Herzegovina, India, Island, Japan, Pakistan, Turkey and Ukraine

These rates may vary throughout the year depending on the price of the courier company.

To all the prices indicated, 21% must be added as VAT for orders billed to Spain except the Canary Islands, Ceuta and Melilla. Orders from certain countries will be charged a percentage of the final price for bank and administrative expenses
