

## ACCESSION FORM FOR STORAGE OF BIOLOGICAL MATERIAL

**Material description** (describe the material to be stored, e.g. number of boxes, number of tubes / box, labels in boxes and tubes)

**Storage temperature:**

Liquid N<sub>2</sub>     
  -80 °C     
  10 °C     
  Other (Specify):

**Storage period:**     
 1 year     
 5 years

**AGREEMENT FOR STORAGE OF BIOLOGICAL MATERIAL:**

- CECT will send the invoice corresponding to the storage and successive extensions for the period indicated by the user. The user has 1 month to make effective the payment. After this time and in case of default, CECT reserves the right to destroy the stored material.
- One month before the next invoicing period the user shall inform CECT its intention to terminate the storage service, indicating if the material shall be returned or destroyed. The user shall organize and pay the shipment of the material to be returned. CECT will not refund any fee for termination before the storage period.
- CECT is not responsible for the viability or for any genetic or physiological changes in the material during the storage period. Likewise, CECT is not responsible for loss or destruction of the material due to force majeure or extraordinary circumstances (natural disasters, fire, etc.).
- CECT will not manipulate or use the material unless the user expressly requests otherwise.
