

La **Cepa Certificada CECT** es un material de referencia recomendado por Normas Internacionales de Calidad como microorganismo control y que ha sido objeto de ensayo en la CECT con los resultados que se muestran en este certificado.

CECT Certified Strain is a reference material recommended as testing microorganism in International Quality Standards, and assayed at CECT with the results shown in this certificate.

CHARACTERIZATION

Growth on selective/differential culture media

SABOURAUD Agar*
Typical colonial morphology

DRBC Agar*
(Dichloran Rose Bengal Chloramphenicol)
Reduced colony diameter

(*): Incubation 7d at 26°C
