

FACULTAD PSICOLOGIA / U. I. P. D.

The diagram shows a cross-section of a building entrance and the adjacent street. The building has a flat roof with a series of small, square, recessed lights. The entrance is a wide, open space with a high ceiling. The floor is marked with a grid of small squares. The street level is indicated by a horizontal line. The building's exterior wall is shown on the right. The street is labeled 'CARRIL BICIC' and 'PARADA DE AUTOBUS'. The building's interior is labeled 'FACULTAD PSICOLOGIA / U. I. P. D.'. The diagram includes various dimensions and elevations: 7.90, 2.80, 12.1%, 13.1%, +1.18, +0.28, +0.22, +0.14, 0.53%, 1%, +0.07, and ±0.00. The street is shown with a cross-section of a road, including a sidewalk and a road surface. The building's interior is shown with a grid of small squares. The diagram is a technical drawing, likely a cross-section, showing the relationship between the building and the street.

CARRIL BICIC PARADA DE AUTOBUS

AVENIDA BLASCO IBÁÑEZ

This architectural site plan illustrates the proposed building and its integration into the landscape. The building is a long, rectangular structure with a central section featuring a gabled roof and two side wings with flat roofs. It is situated on a sloping site, with a parking area and a landscaped area to its right. The plan includes a north arrow pointing towards the top right. The surrounding area is characterized by contour lines indicating a slope, and a road or driveway is shown at the bottom right corner.
