

IV PROMETEO Scientific Conference

Advanced Oxides for Plasmonics: Applications in Mid-Infrared Photodetection

The CreCYCSem group invites you to discover the latest advancements in semiconductors

We will have national and international talks

Don't miss the opportunity and join us in these technological discoveries!

Date: December 18th and 19th, 2023

Location: Lise Meitner Lecture Hall (Faculty of Physics)

**GENERALITAT
VALENCIANA**

Conselleria d'Educació,
Universitats i Ocupació
