

Oscar Llopis-Corcoles

Universitat of València

Department of Management

Summary

Oscar Llopis is Assistant Professor in the Business Management Department at the Universitat de València. Previously, he was Assistant Professor at the Rennes School of Business, a postdoctoral researcher at the University of Bordeaux, and a PhD student at INGENIO (CSIC-UPV).

His main research areas are focused on the processes associated with knowledge management in public and private contexts, addressed from different areas. He also analyzes innovation management processes, knowledge sharing and risk taking within organizations as a source of innovation. His research has been published in prestigious journals, such as *Research Policy*, *R&D Management*, *Technovation*, *European Management Journal* or *Journal of Business Research*.

He is actively involved in the scientific community through his usual participation in international conferences and research projects. He has carried out research stays at the Copenhagen Business School, the University of Pisa and the University of Gothenburg, and has participated in several competitive research projects.
