Role

This is a fantastic research opportunity for a business analyst student to join the fastest growing technology enabled fulfilment company in Europe. Reporting to the CEO and mentored throughout, you will assist the c-suite executives in researching, analysing and assessing territories and opportunities and managing projects. This fast-growing and expanding start-up has just been shortlisted for the 100 eCommerce Trailblazers award. So, if you want to be part of a young and vibrant team and gain hands-on experience of the future of e-commerce, apply today! This will be a rewarding experience and valuable addition to your CV.

Tasks

- Research software and logistics mergers and acquisitions opportunities in the UK and Europe
- Research market conditions in new territories
- Ad hoc research on various topics
- Conduct broad market research and analyse into areas of strategic interest for the host
- Set up and attend meetings with stakeholders and partners

Personal Skills

- Studying for a degree involving a high level of business and research content and numerate competency such as business, science, engineering or finance
- Analytical mind, capable of synthesizing large amounts of information
- Demonstrated interest in technology and entrepreneurship
- Able to take initiative: an independent worker able to manage their own projects
- A high level of computer literacy, particularly with Microsoft suite
- Collaborative, effective working in a small team as well as on individual projects
- Strong written and oral communication.

The Host Company

The host is one of the fastest growing e-commerce fulfilment companies in the UK and have just closed a significant series B investment round. Their core focus is on global fulfilment and distribution and with their in-house development team, they offer solution integrations to suit all platforms. They are based in the UK but have big overseas expansion plans after experiencing 100% quarter on quarter growth over the past year. Over 450 retailers benefit from their service, with this number growing consistently. The average age in the office is early 20's and there are regular extra-curricular activities including sports teams and social events.
