

CRITERIA TO OBTAIN HONORIFIC MENTION (HM) FOR MOBILITY STUDENTS FROM THE FACULTY OF ECONOMICS

The Mobility Coordinator's Commission from the Faculty of Economics of the University of Valencia meeting on 26th of July 2018, and the Mobility Commission of the Faculty of Economics meeting on 22nd of September 2021, due to the number of requests from some of our returned exchange students

AGREED

To set the criteria to obtain an Honorific Mention (HM) for outgoing students from the Faculty of Economics on their return from a mobility exchange.

Award criteria:

1. The host university must assess the student with the maximum score and with distinction of honorable mention (if they use this naming) or, at least with a high mention.
2. To consider the possibility of awarding with a HM, the student should have been previously awarded with a HM in the Faculty of Economics (UV). In this sense, if the student obtained an average of one HM per academic year in the Faculty of Economics, the grade conversion in the foreign university will accept only one HM. If the student had an average of two HM per year in their UV academic record, the award will be also two from the host university. Therefore, the maximum number of HM awarded will depend on the average mentions obtained in the Faculty of Economics, rounded to the nearest whole number.

The following documents are necessary to be attested at the International Relations Office of the Faculty of Economics by the student in order to be awarded with HM:

- The application explaining the academic situation of the course/s intended to be awarded with HM and the reasons for it, sent by email to the mobility coordinator.
- Complete academic record from the UV (a copy requested to the UV Office due to the mobility exchange)
- A complete academic record from the host university (official Transcript of Records)

Once the application and the rest of documents are examined and evaluated, the mobility coordinator will notify the student by email the agreed decision on the awarding or refusal of their request for HM.

What is agreed for the appropriate purposes in Valencia, on 22nd September 2021.
