

Dear colleagues:

We are pleased to announce the celebration of the **XX Workshop on Economic Integration**, organized by the **INTECO** joint research unit in Economic Integration, to be held at the University of Valencia on the **6th- 8th of September, 2023**.

To celebrate the **XXth anniversary of the Workshop** this year, the meeting will be **jointly organized with the 25th INFER Annual Conference**. INFER (International Network for Economic Research) is a non-profit international scientific organization that stimulates research and networking in all fields of economics through international workshops and conferences (<http://www.infer-research.eu/>).

The **INTECO Workshop** will be organized as **parallel special (thematic) sessions along the INFER Annual Conference**. Analogously to previous years, the Workshop will present papers on economic integration (international trade/finance). Participants will have 20 minutes to present their works, and then a discussant will open the general discussion to the floor.

In this edition, our **invited keynote speakers** will be **Giovanni Peri** (UC Davies), **Isabelle Méjean** (Science Po Paris) and **Gabriel Febelmayer** (WIFO, Wien). In addition, we will also have a **round table on “Secular stagnation or permacrisis?”** with panelists from the **Bank of Spain, CaixaBank Research, and Royal Institute Elcano**.

Please note that this year the Workshop has some **NOVELTIES** in the way it is organized:
