newdealinstitut@gmail.com

WHY BORDEAUX ?

Bordeaux is the sixth largest city in France, boasting a population of almost 800,000 people. Its world-renowned university accommodates almost 70,000 students and about 7,500 international students, making it a very dynamic city, bustling with life and energy.

Ideally located on southwest coast of France, Bordeaux is only 3 hours away from Paris by train, less than 1 hour away from scenic beaches and about 2 hours away from Spain. With its rich history and over 300 historical landmarks, the city is second only to Paris in terms of cultural heritage with some buildings dating back to Roman times. Since 2008, Bordeaux has also been featured on the UNESCO World Heritage List as "an outstanding urban and architectural ensemble".

The city's beautiful parks, sports facilities, museums, theatres and clubs provide countless opportunities to enjoy your time in Bordeaux and experience life "à la française".

WHAT DO WE DO FOR YOU ?

The programme aims to help participants improve their vocational skills and knowledge whilst improving their existing language skills in a professional environment. They also enhance the participant's employment opportunities and increase their awareness of international business with the option of gaining practical work experience.

WHY NEWDEAL INSTITUT ?

Newdeal Institut Head Office is located in the city centre of Bordeaux, in the Saint Michel area. We have 280m2 of offices and classrooms, a library and an open shared space. Our school is easily accessible by public transport (Tram or bus). We've been collaborating with International schools, universities, companies and mobility agencies since 2009. We organize French classes and vocational work placement programmes and can cover a wide range of different professional sectors.

WORK EXPERIENCE PROGRAMME BORDEAUX 2015-2016

FRENCH CLASSES

Language training prior to a work placement gives the skills & confidence to enter the working environment.

Tuition can focus on specific aspects of business, such as commerce, tourism, management etc.

Classes of small groups mean more interaction with the teacher & other students.

During the language courses interns meet other young people in similar situations, with whom they can make friends; a great occasion to have a good support network and share experiences by the time they start their work placement.

OUR PARTNERS

Newdeal Institut has a substantial network of partners and protocols. In fact we are in continuous cooperation with big, small and medium-sized companies, business hubs, associations, the Chamber of Commerce, cooperatives, industrial organizations, NGO's, schools, universities, training centres, public organizations, who are all able to receive everyone looking for an opportunity under Bragg mob services.
