

VIDEO-TUTORIAL ON RAPID <https://www.youtube.com/watch?v=LHJePkIFF-M>

Videos on YouTube can be subtitled in different languages

First, activate subtitles by clicking on this icon and making it underlined in red:

Then press settings and select subtitles:

In the new menu that appears, choose Translate automatically

It will ask you what language you want to translate it to. Now you can choose English (or any other language):
