Museo de las Ciencias de Valencia (CAC) 21 april 2024

IMPORTANT INFORMATION FOR PARTICIPANTS

- ARRIVAL of participants on the day of the fair: from 9 to 10 am.** [Please read](#) the published information on arrival at the venue and parking at a reduced rate. See the [programme of the fair](#) and the [map](#) with the location of the projects inside the museum.
- During the fair, we will take photos and videos of the participants that will be available online. It is important to review [these instructions regarding the consent of students and their tutors and the approval of this activity at the school](#).
- VERY IMPORTANT:** Projects must **guarantee the safety of the public** inside the museum and correct electrical connection and grounding. In any case, the safety protocols of the Valencia Science Museum will be applied. Each project admitted will have: a table of 1.8 x 0.7 m², electrical connection, a display panel face (1x 2 high m²) and the possibility of collecting water in moderate quantities. **Any other material needed in the projects must be provided by the participants.** PLEASE, DO NOT WRITE ON THE PANEL, DO NOT USE PINS - ONLY ADHESIVE TAPE CAN BE USED.
- From 10 to 13 h**, the fair is open to the public. The juries will also visit the stands of the different projects. The participating students are expected to explain them with an emphasis on the physics and technological aspects involved. The **jury has 15 minutes per project** (10 of explanation and 5 of questions). It is very important to synthesize and prioritise your explanations in order to fit in this time. The coherence, the good functioning of the project and the clarity of the explanations will be the most valued aspects (see the [rules of participation](#), the [guide of the form](#) and the [evaluation criteria](#)).
- VERY IMPORTANT:** Litter bins will be placed throughout the fair area. **PLEASE respect the space and pick up anything that falls on the ground. At the end of the fair everything must be completely clean.**
- T-SHIRTS AND ACCREDITATIONS:** We recommend that you wear the fair T-shirt we will give you, as well as the accreditations with lanyard, which are needed to access the auditorium afterwards.
- BRUNCH:** We will distribute water and a panino sandwich to the participating groups around 11
- THE VISITING PUBLIC CAN VOTE and decide one of the prizes from 10 to 12:45 h. Only the public present at the fair will be able to vote**, following the instructions in [this link](#). There will be a QR link on each stand.
- END OF THE FAIR AND AWARDS GIVING EVENT:** When the acoustic signal announces the closing of the Experimenta fair **at 13 h**, everything must be quickly collected and/or transferred to the vehicles. **At 13:30 h the award ceremony** begins and you must be in the [auditorium](#). There is an entrance for participants, separate from the public. The event will be streamed [from this link](#).
- PLEASE**, if eventually you cannot come to the fair, send an **URGENT** email to experimenta@uv.es
