We are pleased to announce a new edition of the FCAFE International Week at the Faculty of Physical Activity and Sport Sciences, University of Valencia.

It will take place 20th – 24th April 2025 and it will be an opportunity for teachers from our partner universities to give visiting lectures at our university under the Erasmus Teaching Staff Mobility programme.

Academics from partner universities are welcome to propose their lectures in topics related to physical education, sport management, physical training, sports performance, health promotion, adapted physical activity or any other topics related to sport sciences. We will analyze the content of each proposal and confirm if we can find a host lecturer on our side.
