APPLICATIONS

DIGITAL PLATFORMS AND BUSINESS PROCESS MANAGEMENT
3 months program for graduates. Conditions:
• Recently graduate with 0-1 year of experience
• Curricular practices

Conversion rate
From 2016-2019, ~90% of our interns continued with a permanent job after the mimacom academy program.

*In 2020, due to the COVID ~50% continued. We’re still exploring possibilities on how we can bring in more mimacom academy interns.

Goals
Creation of a log analysis system based on new and trend technologies.
Being involved in a real agile environment.

Teaching
We teach different technologies. We help in deciding your areas of expertise and professional career.

Technical missions
2-week sprints along with Scrum Masters and mentorship.
Guidance from Senior Software Engineers.
Regular feedback and solid technical follow up.

Next mimacom academy program: March 2021
