Juan A. Monsoriu was born in Valencia, Spain, in 1975. He received the B.S. degree in physics, M.S. degree in Optics, and Ph.D. degree in Physics from the Universidad de Valencia (UV), Spain, in 1998, 2000, and 2003, respectively. In 2000 he joined the Universidad Politécncia de Valencia (UPV), Spain, where he is currently Professor of Applied Physics. His research was performed at UV, UPV, Universidad de Málaga (Spain), University of Bath (UK), and Universidad de Buenos Aires (Argentina). His main research interest focuses on the applications of Diffractive Optics, field in which he has published more than 100 articles in JCR indexed journals and has led or participated in more than 30 research projects/contracts. Additionally, he is dedicated to teaching and dissemination of Physics and Technology, field in which he has received numerous awards and distinctions. The most recent in 2022 are the UPV Award for Innovation in Scientific Dissemination and the Award for Teaching and Dissemination of Physics 2022 of the BBVA Foundation and the Royal Spanish Society of Physics.
