## 1. Master WOP-P: Collaboration between the “Erasmus Mundos WOP-P Master” and “Escola Gavina”

On 16th November 2018 the students of the first year of the WOP-P Master visited "Escola Gavina" school as part of the training program at the Organizational Psychology classes. One of the objectives of the course "Organizational Psychology and Organizational behavior" is "To analyze interorganizational relationships and organizations in network, with a stakeholder multicultural approach". In order to achieve this objective, a partnership has been developed between the Master WOP-P and "Escola Gavina". Escola Gavina is an education cooperative, formed by teachers and administration and services' staff that shares an educational project with the students' families. Nowadays it is a small school of three hundred and fifty students, from 3 to 16 years old. However it is a centre of reference in the Valencian educational world.

During their visit to the school, WOP-P Master's students had the opportunity to interview some of the members of the managerial board and the rector council of the cooperative about the organizational characteristics of the cooperative and its network of organizational relationships. In turn, WOP-P students were interviewed by students at the last year of secondary education (4th grade ESO) about their career paths and studying abroad.

Both parts of this interorganizational collaboration are very satisfied with the results and willing to look forward for further collaborations.

We would also thank Escola Gavina and their managerial board for their kind and warm reception.

## 2. IDOCAL: Próxima sesión “Share & Learn”

El próximo Viernes día 30 de Noviembre tendrá lugar una sesión “Share & Learn”. La presentación correrá a cargo de Luminita Patrás, sobre el tema:

*Writing academic papers: style and glamour?”*

La sesión tendrá lugar en la SALA M400 del Idocal a las 12.00.

## 3. Doctorado: Seminario transversal “Star performers in organizations” por Laura Galarza

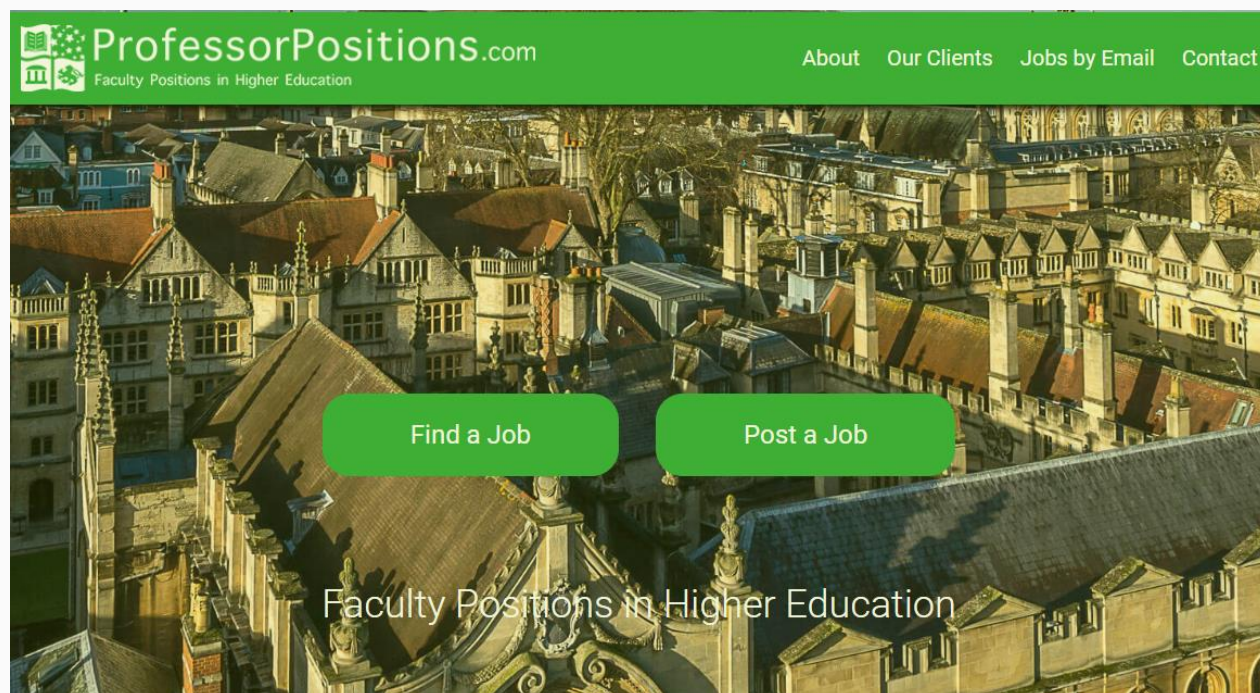

El pasado 7 de Noviembre la profesora Laura Galarza impartió el seminario “Stars performers in organizations” en inglés, que contó como actividad formativa obligatoria para los estudiantes de doctorado. Tuvo lugar a las 15:30 en la sala M400.

Además de poder profundizar en un tema interesante como son los empleados “estrella” de las organizaciones y su impacto, el encuentro también nos sirvió para conocer a los nuevos estudiantes del programa de doctorado, Brian Florez y Michelle Reneclé, cuya presentación ya publicamos en el número anterior del boletín de Novedades.

#### 4. Recursos: Página web para encontrar trabajo de profesor

Professorpositions.com es un portal para la búsqueda de empleo como profesor y empleos similares.

ProfessorPositions being the leading provider of higher education jobs, which range from senior executive roles through to academic posts and research related positions, with over 2,400,000 faculty and researchers receiving specialised newsletters each week and over 1,000 academic clients posting jobs each year.
