

The logo for IDOCAL features the word "idocal" in a lowercase, sans-serif font. The letters "i", "d", "c", and "a" are dark brown, while the "o"s are a golden-brown color. The "o"s are stylized, with the top and bottom curves being open. The logo is centered within a white square, which is itself set against a larger orange-to-brown gradient background.

3. WOP-P: EMJMD grant call is open

1. Event: Good and bad research practices and the crisis of credibility in Psychology

As part of the project internalization of the faculty of psychology at the University of Valencia our colleague Dr. Bernhard Angele will give a lecture on the topic of **Good and bad research practices and the crisis of credibility in Psychology**.

The webinar will take place on the **14 December at 15:00h** and you can watch it on blackboard following this [link](#).

2. Resources: Psychology research shows ‘water cooler talk’ can have big benefits

A newly described behavior shows how small talk brings balance to collaborative conversations. In settings where people are working together on a task, making time for small talk allows for "reciprocity in conversation," which is associated with higher levels of task enjoyment. These are some of the findings described in the latest research article in *Language and Speech*.
