

The logo for IDOCAL features the word "idocal" in a lowercase, sans-serif font. The letters "i", "d", "c", and "a" are dark brown, while the "o"s are a golden-brown color. The "o" in the middle is positioned higher than the others, and a smaller "o" is placed below the "c". The logo is centered within a white square, which is itself set against a larger orange square background.

1. Evento: Foro UMIVALE Salud Laboral y Absentismo: USO, ABUSO Y NO USO DE LA INCAPACIDAD TEMPORAL

El Profesor José María Peiró y Tobias Hauth de IDOCAL participarán en el **Foro UMIVALE Salud Laboral y Absentismo: USO, ABUSO Y NO USO DE LA INCAPACIDAD TEMPORAL** tendrá lugar el 15 de junio de 2021 a las 11:00h a través de Zoom.

El Instituto de Investigación en Psicología de RRHH, Desarrollo Organizacional y Calidad de Vida Laboral (IDOCAL, dependiente de la Universitat de València) y la mutua Umivale, presentamos las conclusiones de un trabajo de investigación que recoge el punto de vista de 79 expertos vinculados a la Salud Laboral. En esta jornada virtual (zoom) abordaremos las percepciones sobre cuándo se usa adecuadamente la IT, cuándo se hace un uso inadecuado o

abuso y para qué y cuando, incluso, ni siquiera se usa (presentismo). Además presentaremos una serie de propuestas de mejora dirigidas a empresas, organismos públicos y el legislador, con el

fin de fomentar un uso adecuado de la IT y reducir su abuso.

Elegible para la inscripción es solo personal del IDOCAL y pedimos que no se comparta el enlace de inscripción con terceros.

2. Event: EFPSA Research Programme

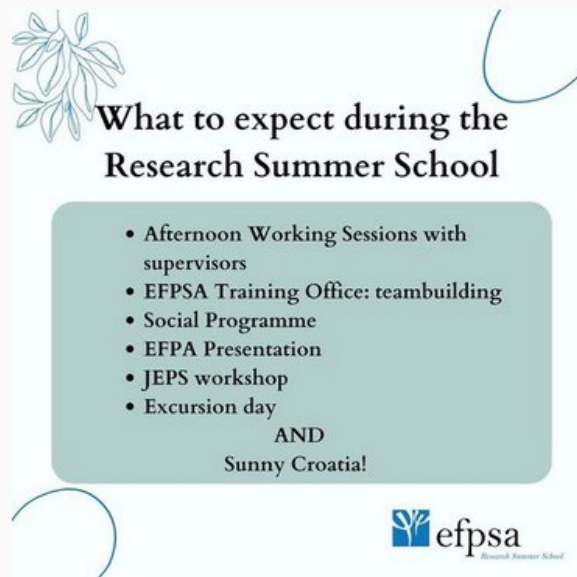

The Research Programme team is happy to announce **the call for EFPSA Research Programme Participants 2021 is open!**

Are you a motivated European Bachelor or Master-level psychology student? And are you interested in conducting a one-year cross-cultural research project together with students from all over Europe? Do you want to gain experience in every aspect of research, from designing the study to data collection to communicating the results? If your answer is yes, apply to become a participant of the EFPSA Research Programme!

Who: European Bachelor and Master-level students in psychology!

What: Research Programme

Deadline: 1st of June, 23:59 CEST

What to expect during the Research Summer School

- Afternoon Working Sessions with supervisors
- EFPSA Training Office: teambuilding
- Social Programme
- EFPA Presentation
- JEPS workshop
- Excursion day

AND
Sunny Croatia!

What is Research Summer School?

The starting point of the Research Programme, RSS is a seven day event in which student researchers meet each other and their supervisors. Among working sessions, they will take part in lectures, workshops and intercultural social events.

What is EFPSA Research Programme?

The EFPSA Research Programme (EFPSA RP) is an EFPSA Service, consisting of a twelve-month research programme reuniting students, PhDs, postdoctoral researchers and established academics. This programme constitutes an unique opportunity, having as aim gaining research abilities, teamwork and interpersonal skills in the process of conducting research. Undergraduates or master students are supervised by a PhD or postdoctoral researcher, this way having the chance to publish before graduation. More information can be found here. Each year there are six teams, which are made up of six undergraduate or master students and are led by a PhD or a postdoctoral researcher referred to as a Supervisor. The programme begins with the Research Summer School (RSS) that takes place annually in July.

This year the Research Summer School has accommodated to the current pandemic situation and will take place from **12th until the 19th of July 2021 in Croatia**. EFPSA is happy to announce that this year's programme will take place in person. **We will assure all of the necessary safety measures**, in order for our participants to feel safe regarding the pandemic context while they are attending the Research Summer School.

What are this year's topics?

1. **Gabriela Pop** – An e-mental health programme targeting anger regulation
2. **Anne Etzelmüller** – Investigating the effectiveness of e-Mental Health interventions when implemented in routine care
3. **Pedro Rafael Altungy Labrador** – The Pied Piper of Extremism: who are the children now? The influence of Intolerance of Uncertainty and Need for Cognitive Closure in Extremism
4. **Jakub Krawiec** – Nudging & Boosting – How can we help individuals to make more aware decisions in health-related situations?
5. **Paula Pedić Duić** – “Are we smarter without smartphones?”: The curious case of Instagram usage on working memory of young adults
6. **Božidar Nikša Tarabić** – E-Mental Health 101: Online Mental Health Intervention Program (e-MHIP) development and efficacy assessment.
