A
SB_{lim}

B
Limiting magnitude
for round objects

C
Prediction of visibility
(R) 102mm, t=0.9
Optimum
Magnification

Object's minor axis (arcmin)

A
 S_{Blim}

B
Limiting magnitude
for round objects

Prediction of visibility
(T) 152mm, t=0.7

C
Optimum
Magnification

Object's minor axis (arcmin)

A S_{Blim}

B Limiting magnitude for round objects
Prediction of visibility (T)203mm, $t=0.7$

C Optimum Magnification

Object's minor axis (arcmin)

A S_{Blim}

B Limiting magnitude for round objects

Prediction of visibility
(T)254mm, $t=0.7$

C Optimum Magnification

A
 S_{Blim}

B
Limiting magnitude
for round objects

C
Prediction of visibility
(T)356mm, t=0.7

Optimum
Magnification

Object's minor axis (arcmin)
