INTERNATIONAL SUMMER SCHOOL FOR SCHOOL TEACHERS

Date: 20 May – 24 May 2024

Venue: University of Jyväskylä

Teachers from a wide range of subjects and school levels are welcome to work together on the Phenomenon-based learning and multidisciplinary learning units as enrichment and integrators of teaching. They will have the opportunity to compare Finnish and European experiences. During this Summer School teachers together with experts, local teachers and students will develop multi-perspective approaches to these issues in order to promote deeper learning in classrooms across Europe.

Mobility from
Erasmus+ funding

Shool teachers and
teacher students are
welcome

Working mainly
on-site in Jyväskylä

Networking with
teachers from nine
FORTH Alliance
regions

Why this summer school?

For twenty years, there have been debates about whether the curriculum should be organized according to a subject-specific or integrated curriculum approach to promote learning through, for example, problem solving and collaboration skills and skills of inquiry. FORTH Alliance welcomes you to join and network!
