Normally, the summer semester is the best to be in Freiburg as you can spend more time outside, and it is warmer and sunnier. The courses offered by the English department are quite equal in winter and summer, but there may be more English options from the Educational department in the summer. School internships are possible, but students normally need a B1/B2 in German for the internship. Please note that in primary schools in Freiburg, the first foreign language is French and not English. If your students need ECTS for the internship, we grant 3 ECTS for a school visit once a week during the semester (14 days at school in total) - Your students can find general information about an exchange semester /year on the PH website: https://www.ph-freiburg.de/en/international/welcome-at-ph-freiburg/international-guest-students.html
