ENROLMENT PROCESS

Your **academic mobility coordinator** is:

- **Prof. Silvia Maria Chireac** (silvia.chireac@uv.es) if you are nominated for **Primary education**.
- **Prof. Elia Saneleuterio** (elia.saneleuterio@uv.es) if you are nominated for **Pre-school education**.

Your coordinator **will help you**:

- Solve doubts about the subjects and schedules.
- Sign your academic agreement (LA) before your arrival in Valencia (and when you arrive if you need to make any changes).
- Help you with any academic issues you can't resolve.

THE NEXT STEPS

1. VIEW STUDY PLANS

You can take subjects from both degrees, including work practice:

Pre-school Education - <https://go.uv.es/intermag/earlychildhood>

Primary Education - <https://go.uv.es/intermag/primary>

(If you click on "more info" next to each subject/course, **you will be able to see the groups, language** in which it is taught and **schedules**, and also, on the left, the "teaching guide" with all the contents)

2. SELECT SUBJECTS

Choose the subjects you want to enroll in during the academic year. **Note that:**

VERY IMPORTANT

At least **50% of your ECTS** must belong to the academic offer of the **Faculty of Teacher Training** (Links from the previous point)

For **the subjects that are not taught in our faculty, we cannot guarantee availability of places.** (To see other degrees from other Faculties: www.uv.es > Degree Studies > Choose the Degree > Degree Sheet > Curriculum > Consult information > Teaching guide)

First/second semester students can only **choose** subjects of the first/second semester, **NOT annual, NOT from a different semester. Full year students** can choose annual, first and second semester subjects.

One **semester** students must enrol **between 18 ECTS and 36 ECTS**, and the **full year students between 36 and 72 ECTS**.

ONLY degree subjects (1st cycle) can be included in the **Learning Agreement**.

a. Keep in mind the language and class schedules: AVOID Valencian groups (except if you study Catalan or if you are Italian, because Valencian will be easy for you). Also **AVOID "O" groups**, because they are **taught on the Ontinyent campus (very far from Valencia)**.

Keep in mind that **subjects taught in English are in high demand. Enrolment priority** is based on the **filing date of communication to internacional.magisteri@uv.es of your preferences.**

You will find information on the subjects taught in English [HERE](#)

WE RECOMMEND

Subject 33606 Spanish Language for Teachers (6 ECTS)

Even if you don't know Spanish (yet): we have a special curriculum for Erasmus students at level A1 or A2 (you can ask for more information at elia.saneleuterio@uv.es). This subject can be included in your (LA) and will be an opportunity to learn Spanish and make your life and your classes easier here in Valencia. If you have a good level of Spanish you will also enjoy this course, because you will learn and improve the uses of Spanish with Spanish students. Check with your mobility coordinator.

Teaching work practice in schools

In our faculty we have **teaching work practice subjects in schools** in our community. We recommend these subjects

LEARNING AGREEMENT (LA)

2. Obtain the signature of **your home coordinator** for validation.
3. **Specify the subject number** and the **group** chosen in your *learning agreement*.
4. **IMPORTANT:** for the process to be completed correctly, your LA must be signed by you and the coordinator of your university and sent to the coordinator of the Faculty of Education: Silvia.chireac@uv.es (Primary)
elia.saneleuterio@uv.es (Pre-school).

Sending the signed LA is a prerequisite for receiving the Erasmus grant.
