Internship contract for students of the Master in Chemistry

1 internship is available in the group of Dr. Henk Bolink at the Institute of Molecular Science (www.uv.es/bohenk) at the Universidad de Valencia in the frame of the European project 'PertPV'.

Perovskite thin film photovoltaics

Applicants must have:

- Completed their Degree in Chemistry in the academic year 2016-2017 or later with an average mark of at least 8.0 points.
- Enrol in the Master of the Degree in Chemistry in the academic year 2018-2019.
- Develop their Master Thesis at the Molecular Opto-Electronic Device group at the Instituto de Ciencia Molecular (<https://www.uv.es/bohenk/>).

Strong oral and written communication skills in English are recommendable.

Duration: 4 consecutive months during the academic year 2018-2019.

Salary: 2.400 € divided in four monthly wages of 600 €.

Applications should be **addressed to Dr. Henk Bolink** and sent via email in a single PDF file to henk.bolink@uv.es before **July the 15th 2018** including:

- a) Motivation letter (why do you want to join us?).
- b) Curriculum vitae.
- c) Degree academics records, where the number of obtained ECTS credits and average score with 2 decimals in a 0-10 scale appear.
- d) For non-spanish degrees we also require a document issued by the Spanish Ministry of Education, Culture and Sport with the Spanish grading scale equivalent average score. This document can be obtained through the portal "[Equivalencia de notas medias de estudios universitarios realizados en centros extranjeros](#)".

Applications will be considered as received. Please note that because of the large number of applications expected we will not be able to give individual feedback to unsuccessful applications. Your application will be treated confidentially.
