

RESOLUTION of 11 of December of 2023, of the University of Valencia, announcing the public offer of employment for different positions within this organisation with employment contracts under various research projects.

The Rector's Office of the University of Valencia, making use of the powers attributed to it by article 50, pertaining to article 3.2 of Organic Law 2/2023, of March 22, of the University System, resolves:

To open a call for the public offer of employment for different positions within this organisation with employment contracts under various research projects, as listed in the annexes of this resolution, in accordance with the following requirements:

One. General rules

1.1. The purpose of this offer is the selection of staff to fill various positions for research projects through the competition system.

1.2. In accordance with the provisions of article 89 of Organic Law 2/2023, of March 22 of the University System, this selective process must meet that which is established by current legislation for the civil service of the Regional Government of Valencia, and by the labour regulations stipulated in the Workers' Statute and its modifications.

The specific university regulations included in the Organic Law of the University System, the Law of Science and the Statutes of the University of Valencia, as well as in the regulations of this call, will also apply.

1.3. The selection processes for each call will be carried out through a competition that will consist of the evaluation of merits and an interview.

1.4. The allocation of positions to applicants who pass these selection processes will be carried out according to the order of points obtained, provided that they meet the requirements for each job position in the annex of each call.

1.5. This call will be published in the Official Gazette of the Autonomous Community of Valencia (DOGV), on the official notice board of the University of Valencia, for which the website is

<https://webges.uv.es/uvTaeWeb/VerTablonFrontAction.do?filtro=tipo&valor=48&filtrar&grupoNavegacion=0&servicioNavegacion=-1>, and on the website of the Human Resources Service (Administrative and Services Staff [PAS]), PAS Research section: <http://www.uv.es/pasinvest>.

Publication in the DOGV will be taken as a reference for the purposes of calculating the deadlines for the submission of applications.

The other publications that derive from the events that form the selection process will be published on the official notice board and on the website of the Human Resources Service (PAS), research section.

Two. General requirements for applicants

Applicants must meet the following requirements to be admitted:

2.1. Be a Spanish national, a national of a member country or be from any of the states in which, by virtue of international treaties established by the European Union and ratified by Spain, free movement of workers applies in the terms by which this legislation is defined in

the Treaty of the European Union. In this event, it is necessary to submit proof of having applied for an EU residence card.

Likewise, applicants of nationalities other than those mentioned above may apply and will only need to meet the requirements established in current regulations. Applicants who are allocated positions offered must provide proof of at least their work and residence permit at the time of hiring.

2.2. Be at least 16 years old on the day of the closing date of the application submission period.

2.3. Hold one of the academic qualifications that appear in the annex corresponding to the call applied to, or be in a position to obtain the corresponding qualification on the closing date of the application submission period.

In the event that qualifications have been obtained abroad, it is necessary to be in possession of documents showing official recognition or declaration of equivalence in Spain, and a photocopy of the same must be attached to the application.

When qualifications have not been officially recognised or declared as equivalent, this requirement may be replaced by proof of having started the process for recognition or declaration of equivalence. The contract will be terminated if the competent academic authority denies recognition, understanding an application to be denied when it is conditioned to the fulfilment of certain requirements which have not been met.

2.4. When a language level is required, the University of Valencia Equivalence Table for L2 certification, approved by the Agreement of the Governing Council of July 10, 2018 (ACGUV 156/2018) will be used for its evaluation. Language courses will not be evaluated, only the levels attained. <https://links.uv.es/0AWddjI>

2.5. Not suffer from illness or be affected by physical or mental limitations that are incompatible with the exercise of the relevant duties.

2.6. Not be suspended from exercising public functions, or have been dismissed from any administrative or public position through disciplinary proceedings. Applicants who are not Spanish nationals must also prove that they are not subject to any disciplinary action or criminal conviction that prevents them from accessing the civil service. Failing this, a copy of an application for issuance must be provided, without prejudice to the sworn statement of the interested persons.

All these requirements must be met at the end of the application submission period and maintained during the selection process.

Applicants are responsible for the veracity of all the information stated in their application and the documentation provided, and may be liable in the event of falsehood, without prejudice to their exclusion from the selection process where relevant.

Three. Applications

3.1. Interested persons must meet the requirements indicated in the annex corresponding to the call applied to. Applicants must submit their applications, together with their CVs and documents showing their alleged merits through the electronic application form that the University will make available to them and for which the link (url) will be published on the PAS Research Section website, <http://www.uv.es/pasinvest>, from the day when this resolution is published in the DOGV.

To complete the application form, the University has made a guide available to interested persons that can be accessed at the following link: <https://go.uv.es/sNh0jds>.

Those who have any difficulties carrying out the electronic procedure can access the University of Valencia ICT support tool via the following link: https://links.uv.es/eadmin/ticketing_es. For any other questions about the details of this call, please contact the team at the Research Management section of the PAS Human Resources Service by sending an email to: convopi@uv.es

3.2. The application submission period will close 10 business days from the next business day following the publication of this resolution in the Official Gazette of the Autonomous Community of Valencia (DOGV).

Four. Documentation to be attached electronically

Several documents must be attached to the electronic form, preferably in PDF format. The said documentation must be inserted in the tabs and space allocated to it. As follows:

4.1. The PDF document of academic certificates or the receipt of issuance fees must be inserted in the fourth tab. In the case of foreign certificates, it will be necessary to show proof of the relevant recognition or equivalence, or have initiated procedures for the same.

Other PDF documents that show any other requirements necessary for the call must also be inserted in this tab.

4.2. The PDF document of the National Identity Document (DNI), Passport or Foreigners' Identification Number (NIE) must be inserted in the fifth tab. These last two documents are only required if the applicant is not a Spanish national.

4.3. The CV must also be inserted in the fifth tab as a PDF document or ZIP, through the model set out at the following link: <http://go.uv.es/F3LCmfj>

It will not be necessary for the attached documents to be collated at this point in the procedure. A responsible statement made by the interested person on the authenticity of everything stated in the application and the attached documents will be sufficient, without prejudice to the fact that the committee or University may require applicants to prove the veracity of the circumstances and documents provided, and evaluated, at any time.

Five. Selection system

5.1. The selection process will be composed of a competition consisting of the evaluation committee's assessment of the applicants' curricular merits, and, where appropriate, conducting an interview.

Merits will be evaluated in accordance with the scale that appears in the annex corresponding to the call applied to. Merits for which proof has not been provided within the application submission period will not be taken into account for the resolution of the competition.

5.2. The committee may, if deemed appropriate, conduct an interview with the applicants. The number of applicants who continue to the interview phase will be determined by the criteria of the evaluation committee.

5.3. Once the selection process has ended, the applicants' scores will be published and proposals for hiring and creating the job pool will be carried out through the University of Valencia notice board and on the website: <http://www.uv.es/pasinvest>

5.4. The allocation of positions called will be carried out by resolution of the management, and will also be published on the notice board and the website mentioned in point 5.3. of this regulation.

5.5. The evaluation committee may declare the selection procedure void in the event that, after evaluating the merits and, where appropriate, conducting interviews, the profiles of the

candidates with the best scores do not fully meet the profile of the position and the needs of the project.

5.6. The job pools that derive from these selection processes will remain in force for the duration of the research project for which the calls were opened. Calls to applicants will be made according to the order of the pool.

Six. Evaluation Committee

6.1. The evaluation committee is that which appears in the annex corresponding to each call.

6.2. The provisions of the Agreement of the Governing Council of the University of Valencia (ACGUV/303/2021) which approves the Roadmap on public integrity measures, prevention and fight against fraud, corruption and conflicts of interest will apply to the members of this committee.

To this end, they must complete the relevant declaration of absence of conflict of interest (DACI), which will be attached to the committee's constitution certificate, and form part of the administrative file. There will be a model standardised by the University on the following website: <https://links.uv.es/GOo6oAT>

6.3. The committee will clarify all questions that may arise in the application of these rules and everything that must be done in unforeseen cases.

6.4. The committee's procedure for action will meet the provisions of Law 40/2015, of 1 October, on the Legal Regime of the Public Sector at all times.

6.5. For communication and any problems that may arise, the evaluation committee's office will be located in the place indicated in the annex corresponding to the call applied to.

Seven. Hiring

7.1. Once the selection processes of this call have been completed, the contracts will be executed in writing and the most appropriate contractual arrangements from those in force at the time of this execution will be used for the purpose of the same.

7.2. The start date will be set out in the proposed contract, depending on the needs of the projects and provided that it is administratively feasible.

7.3. Contracts may be terminated for any of the causes provided for in the Workers' Statute or in other applicable legislation, in addition to those stated in the contract itself. Among these, the following will be established:

7.3.1. Completion or exhaustion of the budget allocation.

7.3.2. Completion of the tasks assigned to the employee's position within the project.

7.3.3. Completion of the project.

Eight. Information on collected data

8.1. The University of Valencia is the entity responsible for the data provided by applicants for this selection process. The information received will be exclusively processed for the purposes of the call in addition to subsequent staff management, where appropriate, in accordance with the provisions of existing data protection regulations.

Part of the data may be published on the Official Notice Board of the University of Valencia and on the website of the Research Management Section. In addition, data will also be transferred to the members of the evaluation committee for the assessment of merits and, where relevant, to resolve any complaints made.

8.2. Those who wish to access the selection process file and consult the data of other applicants must previously request access from the Evaluation Committee or the HR Service (PAS), PAS-Invest Section.

In the abovementioned request they commit to keeping the duty of confidentiality of the data and using the appropriate discretion, only being able to use the data for the purpose of raising a possible complaint or allegation.

The use or disclosure of this data other than in the cases mentioned above may imply liability in accordance with current legislation.

8.3. For more information on data processing, please consult the following link: <http://go.uv.es/88bqyH6>

Nine. Language clause

The full text of this resolution and annexes have been written in English, Valencian and Spanish. All three versions are official; however, the Spanish version is to be used in case of discrepancy.

Ten. Appeals

An optional appeal for reconsideration may be filed against this resolution, which exhausts administrative remedies, before the same body that issued the resolution within a period of one month from the day following its notification or publication. A contentious-administrative appeal may be filed before the bodies of the contentious-administrative jurisdiction of the Community of Valencia within a period of two months from the day following its notification.

The appeal provided for in Law 39/2015, of 1 October, of the Common Administrative Procedure of Public Administrations may be filed against the actions of the evaluation committee.

Likewise, the administration, if appropriate, may review the resolutions of the court in accordance with the aforementioned regulation.

Valencia, 11 of December of 2023. The rector, by delegation (DOGV 30/05/2022), the Manager: Juan Vicente Climent Espí.

ANNEX I

Project: «MRR/Mejora de la infraestructura verde urbana para promocionar una biodiversidad de alta calidad: el carbonero común como especie modelo para el urbanismo. CPI-23-771». Co-financed by the State Research Agency – AEI –, by the Ministry of Science and Innovation and by the "European Union – NextGenerationEU" – Recovery, Transformation and Resilience Plan.

Public offer of employment for an intermediate research support technician position.

1. General conditions of the position offered

1.1. Job title and classification:

Intermediate research support technician.

Group: A.

Subgroup. A2.

Destination supplement: 18.

Specific supplement: E017.

1.2. Working hours: 35 hours per week.

1.3. Functions and tasks to be carried out:

- Maintenance and management of laboratory equipment.
- Periodic review and maintenance of analytical instrumentation.
- Acid digestion treatments of feather samples.
- Feather analysis by atomic spectroscopic techniques (FAAS, ICP-MS, CV-AFS).
- Collaboration in the handling and management of the database.
- Collection of data on light pollution at the sampling points and their mathematical processing.
- Collaboration in the drafting of reports and scientific papers.

1.4. Purpose and duration: support to the research tasks of the project, both in the field and in the laboratory.

The contract will be determined by the duration of the project and budget availability.

1.5. Requirements

1.5.1. Qualifications: Degree in Chemistry, or equivalent qualification.

2. Scale

2.1. Years of services rendered in the different public administrations: up to 0.5 point per accredited year, with a maximum of 2 points.

2.2. Academic qualifications and training courses:

- Degree higher than that required in the call: up to 0.5 points.
- Training and improvement courses: up to 1 point.
- Valencian courses: up to 0.5 points.

2.3. Other preferred merits related to the object of the contract, previous experience and specific knowledge: up to 4 points.

- Experience in working with acid digestion systems for samples.
- Experience in working with atomic spectroscopy detection techniques.
- Scientific contributions related to the treatment of solid samples.
- Knowledge in the use of the statistical package "r".

- Training in laboratory safety issues.
- Knowledge in the use of Geographical Information Systems.

The committee may agree to hold an interview in order to better specify the assessment of preferential merits: up to 2 points.

3. Evaluation committee members

President: Joaquin Baixeras Almela, professor at the Departament de Zoologia.

Member 1: Emilio Barba Campos, professor at the Departament de Microbiologia i Ecologia.

Member 2: Alicia Forment Aliaga, professor at the Departament de Química Inorgànica.

Member 3: Maria Jose Carmona Navarro, professor at the Departament de Microbiologia i Ecologia.

Secretary: Angel Enrique Morales Rubio, professor at the Departament de Química Analítica.

4. Alternate evaluation committee

President: Emilio Iranzo Garcia, professor at the Departament de Geografia.

Member 1: Raquel Pilar Ortells Bañeres, professor at the Departament de Microbiologia i Ecologia.

Member 2: Rosario Gil Garcia, professor at the Departament de Genètica.

Member 3: Ghaleb Fansa Saleh, professor at the Departament de Geografia.

Secretary: Ferran Palero Pastor, professor at the Departament de Genètica.

For communications and any problems that may arise, the evaluation committee will be based at the Institut Cavanilles de Biodiversitat i Biologia Evolutiva (ICBiBE) of the University of Valencia.

ANNEX II

Project: «MRR/Sensores Optomecánicos en fibra óptica para la transición ecológica. CPI-13-772». Co-financed by the State Research Agency – AEI –, by the Ministry of Science and Innovation and by the "European Union – NextGenerationEU" – Recovery, Transformation and Resilience Plan.

Public offer of employment for an intermediate research support technician position.

1. General conditions of the position offered

1.1. Job title and classification:

Intermediate research support technician.

Group: A.

Subgroup. A2.

Destination supplement: 18.

Specific supplement: E017.

1.2. Working hours: 20 hours per week.

1.3. Functions and tasks to be carried out:

- Software development.

- Report writing.

1.4. Purpose and duration: support for the development of simulation tools for the nonlinear propagation of light pulses.

The contract will be determined by the duration of the project and budget availability.

1.5. Requirements

1.5.1. Qualifications: Degree in Physics, or equivalent qualification.

2. Scale

2.1. Years of services rendered in the different public administrations: up to 0.5 point per accredited year, with a maximum of 2 points.

2.2. Academic qualifications and training courses:

- Degree higher than that required in the call: up to 0.5 points.

- Training and improvement courses: up to 1 point.

- Valencian courses: up to 0.5 points.

2.3. Other preferred merits related to the object of the contract, previous experience and specific knowledge: up to 4 points.

- Training and experience in photonic and optomechanical devices.

- Training and experience in the effects of chromatic dispersion on the nonlinear propagation of light pulses in waveguides.

The committee may agree to hold an interview in order to better specify the assessment of preferential merits: up to 2 points.

3. Evaluation committee members

President: Juan Pascual Martinez Pastor, professor at the Departament de Física Aplicada i Electromagnetisme.

Member 1: Antonio Diez Cremades, professor at the Departament de Física Aplicada i Electromagnetisme.

Member 2: Alicia Forment Aliaga, professor at the Departament de Química Inorgànica.

Member 3: Martina Delgado Pinar, professor at the Departament de Física Aplicada i Electromagnetisme.

Secretary: Miguel Vicente Andres Bou, professor at the Departament de Física Aplicada i Electromagnetisme.

4. Alternate evaluation committee

President: Juan Francisco Sanchez Royo, professor at the Departament de Física Aplicada i Electromagnetisme.

Member 1: Jose Luis Cruz Muñoz, professor at the Departament de Física Aplicada i Electromagnetisme.

Member 2: Rosario Gil Garcia, professor at the Departament de Genètica.

Member 3: Enrique Silvestre Mora, professor at the Departament d'Òptica i Optometria i Ciències de la Visió.

Secretary: Chantal Maria Ferrer Roca, professor at the Departament de Física Aplicada i Electromagnetisme.

For communications and any problems that may arise, the evaluation committee will be based at the Institut Universitari de Ciència dels Materials (ICMUV) of the University of Valencia.

ANNEX III

Project: «MRR/Diseño de metodologías para la estimación de flujos de carbono en humedales mediterráneos para promover la comercialización y usos institucionales de créditos de carbono. CPI-23-773». Co-financed by the State Research Agency – AEI –, by the Ministry of Science and Innovation and by the "European Union – NextGenerationEU" – Recovery, Transformation and Resilience Plan.

Public offer of employment for an intermediate research support technician position.

1. General conditions of the position offered

1.1. Job title and classification:

Intermediate research support technician.

Group: A.

Subgroup: A2.

Destination supplement: 18.

Specific supplement: E029.

1.2. Working hours: 37 hours per week.

1.3. Functions and tasks to be carried out:

- Design of methodologies for the estimation of carbon fluxes in Mediterranean wetlands to promote the commercialization and institutional uses of carbon credits.

- Field and laboratory work, including sampling and experimentation in natural and artificial purification wetlands.

- Evaluation of biogeochemical processes and, especially, carbon balances in natural and artificial wetlands.

- Characterization of the different carbon fractions, organic and inorganic in their particulate and dissolved forms, both in water and sediment, and their transformations and dynamics using fluorometric techniques.

- Studies on the abundance and potential activity of the microbiota.

- Determination of the concentrations of various compounds dissolved in water.

- Transfer of results (meetings, preparation of reports, publications, etc.).

The functions and tasks will include field work in natural places and, occasionally, in laboratories of other research entities other than the UVEG.

1.4. Purpose and duration: carrying out field and laboratory work of the project.

The contract will be determined by the duration of the project and budget availability.

1.5. Requirements

1.5.1. Qualifications: Degree in Biology, or in Environmental Sciences, or equivalent qualification.

2. Scale

2.1. Years of services rendered in the different public administrations: up to 0.5 point per accredited year, with a maximum of 2 points.

2.2. Academic qualifications and training courses:

- Degree higher than that required in the call: up to 0.5 points.

- Training and improvement courses: up to 1 point.
- Valencian courses: up to 0.5 points.

2.3. Other preferred merits related to the object of the contract, previous experience and specific knowledge: up to 4 points.

- PhD in Biological Sciences and post-doctoral experience.
- SCI scientific publications on limnology and microbial ecology.
- Teaching and training capacity, accredited through official teaching, preferably university, direction of academic work (end of degree, master's degree and doctoral theses).
- Stays in research centers related to limnology, formal collaborations with international research centers and cooperation networks.
- Participation in research projects in official national and European calls related to the role of wetlands in the exchange of greenhouse gases with the atmosphere.
- Positive ANECA evaluations of teaching and research activity in the area of Ecology.
- Experience in writing scientific-technical reports to support the management of natural spaces and technology transfer.
- Presentation of papers at scientific conferences.
- Awards obtained in the scientific and academic field.
- Experience in studies on the ecological functioning of wetlands, calculation of their carbon emission/capture balances, and their mitigation potential.
- Ability to coordinate and direct training personnel (e.g., business internship tutoring, etc.).
- Experience in the physicochemical and biochemical characterization of water, and data analysis through the use of multivariate statistics.

The committee may agree to hold an interview in order to better specify the assessment of preferential merits: up to 2 points.

3. Evaluation committee members

President: Joaquin Baixeras Almela, professor at the Departament de Zoologia.

Member 1: Antonio Camacho Gonzalez, professor at the Departament de Microbiologia i Ecologia.

Member 2: Jesus Muñoz Bertomeu, professor at the Departament de Biologia Vegetal.

Member 3: Maria Teresa Anton Pardo, professor at the Departament de Microbiologia i Ecologia.

Secretary: Maria Jose Carmona Navarro, professor at the Departament de Microbiologia i Ecologia.

4. Alternate evaluation committee

President: Raquel Pilar Ortells Bañeres, professor at the Departament de Microbiologia i Ecologia.

Member 1: Javier Armengol Diaz, professor at the Departament de Microbiologia i Ecologia.

Member 2: Rodolfo Gozalo Gutierrez, professor at the Departament de Botànica i Geologia.

Member 3: Francesc Mesquita Joanes, professor at the Departament de Microbiologia i Ecologia.

Secretary: Misericordia Jimenez Escamilla, professor at the Departament de Microbiologia i Ecologia.

For communications and any problems that may arise, the evaluation committee will be based at the Institut Cavanilles de Biodiversitat i Biologia Evolutiva (ICBiBE) of the University of Valencia.

ANNEX IV

Project: «MRR/Impacto de los contaminantes en la emisión de GEI y la capacidad de secuestro de C relacionada con la biodiversidad de los humedales mediterráneos: un enfoque experimental. CPI-23-774». Co-financed by the State Research Agency – AEI –, by the Ministry of Science and Innovation and by the "European Union – NextGenerationEU" – Recovery, Transformation and Resilience Plan.

Public offer of employment for an intermediate research support technician position.

1. General conditions of the position offered

1.1. Job title and classification:

Intermediate research support technician.

Group: A.

Subgroup: A2.

Destination supplement: 18.

Specific supplement: E029.

1.2. Working hours: 37 hours per week.

1.3. Functions and tasks to be carried out:

- Determination of the selection strategies for the most appropriate molecular methods, during experimental design and analysis.
- Collection of biological material.
- Preparation of the solutions and reagents necessary for the fixation and processing of the collected samples.
- Extraction and processing of DNA from the collected samples, including its purification for sequencing.
- Carrying out the bioinformatics and statistical analyzes necessary to obtain purified and filtered sequences, obtaining operational taxonomic units (ZOTUs), as well as the taxonomy associated with the sequences (SILVA138, RDP), and their functional analysis.
- Analysis using different field and laboratory techniques, after fine-tuning the methods and validation, to obtain environmental data associated with the samples of organisms collected.
- Statistical analysis of these data.
- Drafting reports and project deliverables, and presenting periodic reports at expressly convened meetings.
- Presentation of results at scientific conferences and participation in the preparation of scientific articles.

The functions and tasks will include field work in natural places and, occasionally, in laboratories of other research entities other than the UVEG.

1.4. Purpose and duration: carrying out field and laboratory work of the project.

The contract will be determined by the duration of the project and budget availability.

1.5. Requirements

1.5.1. Qualifications: Degree in Biology, or in Environmental Sciences, or equivalent qualification.

2. Scale

2.1. Years of services rendered in the different public administrations: up to 0.5 point per accredited year, with a maximum of 2 points.

2.2. Academic qualifications and training courses:

- Degree higher than that required in the call: up to 0.5 points.
- Training and improvement courses: up to 1 point.
- Valencian courses: up to 0.5 points.

2.3. Other preferred merits related to the object of the contract, previous experience and specific knowledge: up to 4 points.

- Doctoral thesis in microbial ecology. DEA or equivalent in the area of Biodiversity.
- Publications in SCI scientific journals in the field of Limnology and Microbial Molecular Ecology, especially related to massive sequencing techniques (Next-Generation Sequencing, NGS) and the measurement of greenhouse gas fluxes in aquatic ecosystems.
- Experience in the logistical organization of limnological campaigns and in the characterization of water and sediment in epicontinental aquatic systems.
- Experience in the molecular characterization of populations of aquatic organisms, sampling and purified DNA extraction techniques.
- Advanced knowledge in bioinformatics and statistics, especially in the workflows associated with the processing of sequences obtained by NGS.
- Experience in using the R and Perl programming language for bioinformatics and statistical analysis of the results obtained.
- Experience in sampling and processing data on carbon biogeochemistry, metabolic rates and greenhouse gas fluxes in aquatic ecosystems.
- Experience in obtaining environmental data, use of different laboratory techniques, spectrophotometry, flow cytometry, spectro-fluorometry, volumetrics, as well as liquid and gas chromatography.
- Experience in preparing presentations at scientific conferences and writing scientific articles and technical reports.

The committee may agree to hold an interview in order to better specify the assessment of preferential merits: up to 2 points.

3. Evaluation committee members

President: Joaquin Baixeras Almela, professor at the Departament de Zoologia.

Member 1: Antonio Camacho Gonzalez, professor at the Departament de Microbiologia i Ecologia.

Member 2: Jesus Muñoz Bertomeu, professor at the Departament de Biologia Vegetal.

Member 3: Maria Teresa Anton Pardo, professor at the Departament de Microbiologia i Ecologia.

Secretary: Maria Jose Carmona Navarro, professor at the Departament de Microbiologia i Ecologia.

4. Alternate evaluation committee

VNIVERSITAT ID VALÈNCIA

President: Raquel Pilar Ortells Bañeres, professor at the Departament de Microbiologia i Ecologia.

Member 1: Javier Armengol Diaz, professor at the Departament de Microbiologia i Ecologia.

Member 2: Rodolfo Gozalo Gutierrez, professor at the Departament de Botànica i Geologia.

Member 3: Francesc Mesquita Joanes, professor at the Departament de Microbiologia i Ecologia.

Secretary: Misericordia Jimenez Escamilla, professor at the Departament de Microbiologia i Ecologia.

For communications and any problems that may arise, the evaluation committee will be based at the Institut Cavanilles de Biodiversitat i Biologia Evolutiva (ICBiBE) of the University of Valencia.
