

RESOLUTION of 13 of March of 2024, of the University of Valencia, announcing the public offer of employment for different positions within this organisation with employment contracts under various research projects.

The Rector's Office of the University of Valencia, making use of the powers attributed to it by article 50, pertaining to article 3.2 of Organic Law 2/2023, of March 22, of the University System, resolves:

To open a call for the public offer of employment for different positions within this organisation with employment contracts under various research projects, as listed in the annexes of this resolution, in accordance with the following requirements:

One. General rules

1.1. The purpose of this offer is the selection of staff to fill various positions for research projects through the competition system.

1.2. In accordance with the provisions of article 89 of Organic Law 2/2023, of March 22 of the University System, this selective process must meet that which is established by current legislation for the civil service of the Regional Government of Valencia, and by the labour regulations stipulated in the Workers' Statute and its modifications.

The specific university regulations included in the Organic Law of the University System, the Law of Science and the Statutes of the University of Valencia, as well as in the regulations of this call, will also apply.

1.3. The selection processes for each call will be carried out through a competition that will consist of the evaluation of merits and an interview.

1.4. The allocation of positions to applicants who pass these selection processes will be carried out according to the order of points obtained, provided that they meet the requirements for each job position in the annex of each call.

1.5. This call will be published in the Official Gazette of the Autonomous Community of Valencia (DOGV), on the official notice board of the University of Valencia, for which the website

is <https://webges.uv.es/uvTaeWeb/VerTablonFrontAction.do?filtro=tipo&valor=48&filtrar&grupoNavegacion=0&servicioNavegacion=-1>, and on the website of the Human Resources Service (Administrative and Services Staff [PAS]), PAS Research section: <http://www.uv.es/pasinvest>.

Publication in the DOGV will be taken as a reference for the purposes of calculating the deadlines for the submission of applications.

The other publications that derive from the events that form the selection process will be published on the official notice board and on the website of the Human Resources Service (PAS), research section.

Two. General requirements for applicants

Applicants must meet the following requirements to be admitted:

2.1. Be a Spanish national, a national of a member country or be from any of the states in which, by virtue of international treaties established by the European Union and ratified by Spain, free movement of workers applies in the terms by which this legislation is defined in

the Treaty of the European Union. In this event, it is necessary to submit proof of having applied for an EU residence card.

Likewise, applicants of nationalities other than those mentioned above may apply and will only need to meet the requirements established in current regulations. Applicants who are allocated positions offered must provide proof of at least their work and residence permit at the time of hiring.

2.2. Be at least 16 years old on the day of the closing date of the application submission period.

2.3. Hold one of the academic qualifications that appear in the annex corresponding to the call applied to, or be in a position to obtain the corresponding qualification on the closing date of the application submission period.

In the event that qualifications have been obtained abroad, it is necessary to be in possession of documents showing official recognition or declaration of equivalence in Spain, and a photocopy of the same must be attached to the application.

When qualifications have not been officially recognised or declared as equivalent, this requirement may be replaced by proof of having started the process for recognition or declaration of equivalence. The contract will be terminated if the competent academic authority denies recognition, understanding an application to be denied when it is conditioned to the fulfilment of certain requirements which have not been met.

2.4. When a language level is required, the University of Valencia Equivalence Table for L2 certification, approved by the Agreement of the Governing Council of July 10, 2018 (ACGUV 156/2018) will be used for its evaluation. Language courses will not be evaluated, only the levels attained. <https://links.uv.es/0AWddjI>

2.5. Not suffer from illness or be affected by physical or mental limitations that are incompatible with the exercise of the relevant duties.

2.6. Not be suspended from exercising public functions, or have been dismissed from any administrative or public position through disciplinary proceedings. Applicants who are not Spanish nationals must also prove that they are not subject to any disciplinary action or criminal conviction that prevents them from accessing the civil service. Failing this, a copy of an application for issuance must be provided, without prejudice to the sworn statement of the interested persons.

All these requirements must be met at the end of the application submission period and maintained during the selection process.

Applicants are responsible for the veracity of all the information stated in their application and the documentation provided, and may be liable in the event of falsehood, without prejudice to their exclusion from the selection process where relevant.

Three. Applications

3.1. Interested persons must meet the requirements indicated in the annex corresponding to the call applied to. Applicants must submit their applications, together with their CVs and documents showing their alleged merits through the electronic application form that the University will make available to them and for which the link (url) will be published on the PAS Research Section website, <http://www.uv.es/pasinvest>, from the day when this resolution is published in the DOGV.

To complete the application form, the University has made a guide available to interested persons that can be accessed at the following link: <https://go.uv.es/sNh0jds>.

Those who have any difficulties carrying out the electronic procedure can access the University of Valencia ICT support tool via the following link: https://links.uv.es/eadmin/ticketing_es. For any other questions about the details of this call, please contact the team at the Research Management section of the PAS Human Resources Service by sending an email to: convopi@uv.es

3.2. The application submission period will close 10 business days from the next business day following the publication of this resolution in the Official Gazette of the Autonomous Community of Valencia (DOGV).

Four. Documentation to be attached electronically

Several documents must be attached to the electronic form, preferably in PDF format. The said documentation must be inserted in the tabs and space allocated to it. As follows:

4.1. The PDF document of academic certificates or the receipt of issuance fees must be inserted in the fourth tab. In the case of foreign certificates, it will be necessary to show proof of the relevant recognition or equivalence, or have initiated procedures for the same.

Other PDF documents that show any other requirements necessary for the call must also be inserted in this tab.

4.2. The PDF document of the National Identity Document (DNI), Passport or Foreigners' Identification Number (NIE) must be inserted in the fifth tab. These last two documents are only required if the applicant is not a Spanish national.

4.3. The CV must also be inserted in the fifth tab as a PDF document or ZIP, through the model set out at the following link: <http://go.uv.es/F3LCmfj>

It will not be necessary for the attached documents to be collated at this point in the procedure. A responsible statement made by the interested person on the authenticity of everything stated in the application and the attached documents will be sufficient, without prejudice to the fact that the committee or University may require applicants to prove the veracity of the circumstances and documents provided, and evaluated, at any time.

Five. Selection system

5.1. The selection process will be composed of a competition consisting of the evaluation committee's assessment of the applicants' curricular merits, and, where appropriate, conducting an interview.

Merits will be evaluated in accordance with the scale that appears in the annex corresponding to the call applied to. Merits for which proof has not been provided within the application submission period will not be taken into account for the resolution of the competition.

5.2. The committee may, if deemed appropriate, conduct an interview with the applicants. The number of applicants who continue to the interview phase will be determined by the criteria of the evaluation committee.

5.3. Once the selection process has ended, the applicants' scores will be published and proposals for hiring and creating the job pool will be carried out through the University of Valencia notice board and on the website: <http://www.uv.es/pasinvest>

5.4. The allocation of positions called will be carried out by resolution of the management, and will also be published on the notice board and the website mentioned in point 5.3. of this regulation.

5.5. The evaluation committee may declare the selection procedure void in the event that, after evaluating the merits and, where appropriate, conducting interviews, the profiles of the

candidates with the best scores do not fully meet the profile of the position and the needs of the project.

5.6. The job pools that derive from these selection processes will remain in force for the duration of the research project for which the calls were opened. Calls to applicants will be made according to the order of the pool.

Six. Evaluation Committee

6.1. The evaluation committee is that which appears in the annex corresponding to each call.

6.2. The provisions of the Agreement of the Governing Council of the University of Valencia (ACGUV/303/2021) which approves the Roadmap on public integrity measures, prevention and fight against fraud, corruption and conflicts of interest will apply to the members of this committee.

To this end, they must complete the relevant declaration of absence of conflict of interest (DACI), which will be attached to the committee's constitution certificate, and form part of the administrative file. There will be a model standardised by the University on the following website: <https://go.uv.es/ngX0jcE>

6.3. The committee will clarify all questions that may arise in the application of these rules and everything that must be done in unforeseen cases.

6.4. The committee's procedure for action will meet the provisions of Law 40/2015, of 1 October, on the Legal Regime of the Public Sector at all times.

6.5. For communication and any problems that may arise, the evaluation committee's office will be located in the place indicated in the annex corresponding to the call applied to.

Seven. Hiring

7.1. Once the selection processes of this call have been completed, the contracts will be executed in writing and the most appropriate contractual arrangements from those in force at the time of this execution will be used for the purpose of the same.

7.2. The start date will be set out in the proposed contract, depending on the needs of the projects and provided that it is administratively feasible.

7.3. Contracts may be terminated for any of the causes provided for in the Workers' Statute or in other applicable legislation, in addition to those stated in the contract itself. Among these, the following will be established:

7.3.1. Completion or exhaustion of the budget allocation.

7.3.2. Completion of the tasks assigned to the employee's position within the project.

7.3.3. Completion of the project.

Eight. Information on collected data

8.1. The University of Valencia is the entity responsible for the data provided by applicants for this selection process. The information received will be exclusively processed for the purposes of the call in addition to subsequent staff management, where appropriate, in accordance with the provisions of existing data protection regulations.

Part of the data may be published on the Official Notice Board of the University of Valencia and on the website of the Research Management Section. In addition, data will also be transferred to the members of the evaluation committee for the assessment of merits and, where relevant, to resolve any complaints made.

8.2. Those who wish to access the selection process file and consult the data of other applicants must previously request access from the Evaluation Committee or the HR Service (PAS), PAS-Invest Section.

In the abovementioned request they commit to keeping the duty of confidentiality of the data and using the appropriate discretion, only being able to use the data for the purpose of raising a possible complaint or allegation.

The use or disclosure of this data other than in the cases mentioned above may imply liability in accordance with current legislation.

8.3. For more information on data processing, please consult the following link: <http://go.uv.es/88bqyH6>

Nine. Language clause

The full text of this resolution and annexes have been written in English, Valencian and Spanish. All three versions are official; however, the Spanish version is to be used in case of discrepancy.

Ten. Appeals

An optional appeal for reconsideration may be filed against this resolution, which exhausts administrative remedies, before the same body that issued the resolution within a period of one month from the day following its notification or publication. A contentious-administrative appeal may be filed before the bodies of the contentious-administrative jurisdiction of the Community of Valencia within a period of two months from the day following its notification.

The appeal provided for in Law 39/2015, of 1 October, of the Common Administrative Procedure of Public Administrations may be filed against the actions of the evaluation committee.

Likewise, the administration, if appropriate, may review the resolutions of the court in accordance with the aforementioned regulation.

Valencia, 13 of March of 2024. The rector, by delegation (DOGV 30/05/2022), the Manager: Juan Vicente Climent Espí.

Project: «Evaluación del riesgo por ingestión a través de la dieta de contaminantes ambientales emergentes (SAFETY4DIET). CPI-24-108». (CIAICO/2022/217). Subsidies to consolidated research groups of the Department of Innovation, Universities, Science and Digital Society (currently, Department of Education, University and Employment), called by Resolution of October 6, 2022, for the year 2023.

Public offer of employment for an intermediate research support technician position.

1. General conditions of the position offered

1.1. Job title and classification:

Intermediate research support technician.

Group: A.

Subgroup. A2.

Destination supplement: 18.

Specific supplement: E017.

1.2. Working hours: 20 hours per week.

1.3. Functions and tasks to be carried out:

- Development of analytical methodologies for the analysis of emerging contaminants in food and water.

- Plan and carry out analysis of food and water samples.

- Carry out result reports.

- Calculate the risk associated with the levels of contaminants in the analysed materials.

- Collaborate in the dissemination of scientific results in articles, conferences and national and international seminars.

- Collaborate in the preparation and development of conferences, seminars or training events associated with the project.

1.4. Purpose and duration: Develop methodologies to determine new priority and emerging substances in foods.

The contract will be determined by the duration of the project and budget availability.

1.5. Requirements

1.5.1. Qualifications: Degree in Chemistry, or equivalent qualification.

2. Scale

2.1. Years of services rendered in the different public administrations: up to 0.5 point per accredited year, with a maximum of 2 points.

2.2. Academic qualifications and training courses:

- Degree higher than that required in the call: up to 0.5 points.

- Training and improvement courses: up to 1 point.

- Valencian courses: up to 0.5 points.

2.3. Other preferred merits related to the object of the contract, previous experience and specific knowledge: up to 4 points.

- Knowledge and/or experience in the development and validation of analytical methodologies for the determination of emerging mycotoxins in food.

- Experience in UPLC with tandem mass spectrometry detection applied to the field of mycotoxin analysis in food.
- Final degree/master thesis related to the determination of emerging mycotoxins in food.
- Experience in the analysis of citrinin in food.
- Recognised experience in working in analytical laboratories accredited under the ISO 17025 standard.
- Knowledge and experience in the use of QTRAP equipment.
- Participation in congresses related to the determination of emerging mycotoxins in food and/or water.

The committee may agree to hold an interview in order to better specify the assessment of preferential merits: up to 2 points.

3. Evaluation committee members

President: Yolanda Moliner Martinez, professor at the Departament de Química Analítica.

Member 1: Salvador Garrigues Mateo, professor at the Departament de Química Analítica.

Member 2: Olga Pardo Marin, professor at the Departament de Química Analítica.

Member 3: Sergio Armenta Estrela, professor at the Departament de Química Analítica.

Secretary: Laura Escuder Gilabert, professor at the Departament de Química Analítica.

4. Alternate evaluation committee

President: Maria Jesus Lerma Garcia, professor at the Departament de Química Analítica.

Member 1: Francesc Albert Esteve Turrillas, professor at the Departament de Química Analítica.

Member 2: Amparo Chafer Ortega, professor at the Departament de Enginyeria Química.

Member 3: David Perez Guaita, professor at the del Departament de Química Analítica.

Secretary: Angel Sanchez Illana, professor at the Departament de Química Analítica.

For communications and any problems that may arise, the evaluation committee will be based at the Departament de Química Analítica de la Facultat de Química, of the University of Valencia.

ANNEX II

Project: «MRR/Arquitectura de computación inteligente para elementos de protección individual. CPI-24-112». Co-financed by the State Research Agency – AEI –, by the Ministry of Science, Innovation and Universities and by the "European Union – NextGenerationEU" – Recovery, Transformation and Resilience Plan.

Public offer of employment for a specialist research support technician position.

1. General conditions of the position offered

1.1. Job title and classification:

Specialist research support technician.

Group: B.

Destination supplement: 17.

Specific supplement: E023.

1.2. Working hours: 37 hours per week.

1.3. Functions and tasks to be carried out:

- Development of interaction prototypes of tangible interfaces.
- Development of Virtual/Augmented Reality prototypes for the use of safety equipment on site.

- Sensorization of PPE elements on site.

- Programming of monitoring protocols and interfaces for monitoring people and PPE on site.

1.4. Purpose and duration: development of multimodal interfaces for health and safety tools in the construction environment, including the use of VR and AR tools, and the sensorization of physical elements.

The contract will be determined by the duration of the project and budget availability.

1.5. Requirements

1.5.1. Qualifications: Higher Vocational Training Cycle in the field of Computer Science.

1.5.2. Valencian: C1 Certificate or equivalent qualification.

2. Scale

2.1. Years of services rendered in the different public administrations: up to 0.5 point per accredited year, with a maximum of 2 points.

2.2. Academic qualifications and training courses:

- Degree higher than that required in the call: up to 0.5 points.

- Training and improvement courses: up to 1 point.

- Valencian courses: up to 0.5 points.

2.3. Other preferred merits related to the object of the contract, previous experience and specific knowledge: up to 4 points.

- Knowledge and experience in developing augmented and mixed virtual reality systems.

- Development of public administration tools.

- Knowledge of public administration and working on public administration projects.

- Knowledge and experience in Unity and Unreal.

The committee may agree to hold an interview in order to better specify the assessment of preferential merits: up to 2 points.

3. Evaluation committee members

President: Rafael Javier Martinez Dura, professor at the Departament d'Informàtica.

Member 1: Pedro Morillo Tena, professor at the Departament d'Informàtica.

Member 2: Jaume Segura Garcia, professor at the Departament d'Informàtica.

Member 3: Silvia Casans Berga, professor at the Departament d'Enginyeria Electrònica.

Secretary: Carmen Botella Mascarell, professor at the Departament d'Informàtica.

4. Alternate evaluation committee

President: Ramon Vicente Cirilo Gimeno, professor at the Departament d'Informàtica.

Member 1: Sergio Casas Yrurzum, professor at the Departament d'Informàtica.

Member 2: Abilio Candido Reig Escriva, professor at the Departament d'Enginyeria Electrònica.

VNIVERSITAT ID VALÈNCIA

Member 3: Asuncion Edith Navarro Anton, professor at the Departament d'Enginyeria Electrònica.

Secretary: Esther De Ves Cuenca, professor at the Departament d'Informàtica.

For communications and any problems that may arise, the evaluation committee will be based at the Institut Universitari d'Investigació de Robòtica i Tecnologies de la Informació i Comunicació (IRTIC), of the University of Valencia.

Subsidies to consolidated research groups of the Department of Innovation, Universities, Science and Digital Society (currently, Department of Education, University and Employment), called by Resolution of October 6, 2022, for the year 2023.

Public offer of employment for a research support technician position.

1. General conditions of the position offered

1.1. Job title and classification:

Research support technician.

Group: C.

Subgroup: C1.

Destination supplement: 16.

Specific supplement: E011.

1.2. Working hours: 20 hours per week.

1.3. Functions and tasks to be carried out:

- Preparation of culture media.
- Sowing and germination of spores.
- Stress experiments on bryophyte spores.
- Keeping of collections: collection and processing of material, preparation of herbarium sheets, preparation and cleaning of spores.
- Database maintenance.

1.4. Purpose and duration: keeping of bryological collections and germination of bryophyte spores.

The contract will be determined by the duration of the project and budget availability.

1.5. Requirements

1.5.1. Qualifications: Baccaureate in Sciences, or equivalent qualification.

2. Scale

2.1. Years of services rendered in the different public administrations: up to 0.5 point per accredited year, with a maximum of 2 points.

2.2. Academic qualifications and training courses:

VNIVERSITAT ID VALÈNCIA

- Valencian courses: up to 0.5 points.

2.3. Other preferred merits related to the object of the contract, previous experience and specific knowledge: up to 4 points.

- Experience in the preparation of culture media, germination protocols and spore or seed counting.

- Experience in maintenance of scientific collections (herbarium or germplasm): preparation of herbarium sheets, data entry in databases, information search.

- Experience in field work: sampling and collection of plant material.

- Knowledge of bryophyte morphology and biology will be an asset.

- B2 level English certificate.

The committee may agree to hold an interview in order to better specify the assessment of preferential merits: up to 2 points.

3. Evaluation committee members

President: Jose Gabriel Segarra Moragues, professor at the Departament de Botànica i Geologia.

Member 1: Belen Albertos Bofarull, professor at the Departament de Botànica i Geologia.

Member 2: Jesús Muñoz Bertomeu, professor at the Departament de Biologia Vegetal.

Member 3: Ricardo Garilleti Alvarez, professor at the Departament de Botànica i Geologia.

Secretary: Pilar Soriano Guarinos, professor at the Departament de Botànica i Geologia.

4. Alternate evaluation committee

President: Sonia Ros Franch, professor at the Departament de Botànica i Geologia.

Member.1: Daniel Ballesteros Bargues, professor at the Departament de Botànica i Geologia.

Member 2: Rodolfo Gozalo Gutierrez, professor at the Departament de Botànica i Geologia.

Member 3: Josep Antoni Rossello Picornell, professor at the Departament de Botànica i Geologia.

Secretary: M. Violeta Atienza Tamarit, professor at the Departament de Botànica i Geologia.

For communications and any problems that may arise, the evaluation committee will be based at the Departament de Botànica i Geologia de la Facultat de Farmàcia i Ciències de l'Alimentació, of the University of Valencia.

ANNEX IV

Project: «Novel particle accelerators based on carbon nanotube Arrays. CPI-24-114». (CIDEGENT/2019/058) in charge of the Program to support talented researchers - Plan GenT, grants called for the 2019 financial year, by Resolution of December 12, 2018 of the Department of Education, Research, Culture and Sports (current Department of Education, Universities and Employment).

Public offer of employment for an intermediate research support technician position.

1. General conditions of the position offered

1.1. Job title and classification:

Intermediate research support technician.

Group: A.

Subgroup: A2.

1.2. Grant allocation: As established in Annex I, point One, section 3 of the Resolution of December 12, 2018, of the Department of Education, Research, Culture and Sports (current Department of Education, Universities and Employment), which calls for, for the 2019 financial year, grants from the Program to support talented researchers – Plan GenT (DOGV 8463 / 14/01/2019).

1.3. Working hours: 35 hours per week.

1.4. Functions and tasks to be carried out:

- Design and study of high-density plasmas based on the ionization of solid-state structures, such as bundles of carbon nanotubes and graphene.

- Design of targets with a certain distribution of bundles of carbon nanotubes or graphene multilayer, which, when excited with short laser pulses, can give rise to high-gradient charged particle acceleration inside the structure.

Availability to travel, to attend collaborative work meetings and conferences is required.

1.5. Purpose and duration: technical design of an experiment of high-gradient generation in high-density plasmas.

The contract will be determined by the duration of the project and budget availability.

1.6. Requirements

1.6.1. Qualifications: Electronic Technical Engineering, or Industrial (specialty in electronics), or Degree, or equivalent qualification.

2. Scale

2.1. Years of services rendered in the different public administrations: up to 0.5 point per accredited year, with a maximum of 2 points.

2.2. Academic qualifications and training courses:

- Degree higher than that required in the call: up to 0.5 points.

- Training and improvement courses: up to 1 point.

- Valencian courses: up to 0.5 points.

2.3. Other preferred merits related to the object of the contract, previous experience and specific knowledge: up to 4 points.

- Master in Physics.

- Good knowledge of electromagnetism, particle accelerator physics and plasma physics.

- Experience in programming with Python, C++, Matlab, Mathematica and Particle-In-Cell codes (PIC).

The committee may agree to hold an interview in order to better specify the assessment of preferential merits: up to 2 points.

3. Evaluation committee members

President: Juan Pascual Martinez Pastor, professor at the Departament de Física Aplicada i Electromagnetisme.

VNIVERSITAT ID VALÈNCIA

Member 1: Javier Resta Lopez, researcher at the Institut Universitari de Ciència dels Materials.

Member 2: Vicente Muñoz Sanjose, professor at the Departament de Física Aplicada i Electromagnetisme.

Member 3: M. Jesus Hernandez Lucas, professor at the Departament de Física de la Terra i Termodinàmica.

Secretary: Pascuala Garcia Martinez, professor at the Departament d'Òptica i Optometria i Ciències de la Visió.

4. Alternate evaluation committee

President: Chantal M. Ferrer Roca, professor at the Departament de Física Aplicada i Electromagnetisme.

Member.1: Juan Francisco Sanchez Royo, professor at the Departament de Física Aplicada i Electromagnetisme.

Member 2: Jaume Segura Garcia, professor at the Departament d'Informàtica.

Member 3: Abilio Candido Reig Escriva, professor at the Departament d'Enginyeria Electrònica.

Secretary: M. Victoria Castillo Gimenez, professor at the Departament de Física Atòmica, Molecular i Nuclear.

For communications and any problems that may arise, the evaluation committee will be based at the Institut Universitari de Ciència dels Materials (ICMUV), of the University of Valencia.
