

RESOLUTION of 05 of june of 2025 of the Universitat de València, announcing the public offer of employment for different positions within this organisation with employment contracts under various research projects.

The Rector's Office of the Universitat de València, making use of the powers attributed to it by article 50, pertaining to article 3.2 of Organic Law 2/2023, of March 22, of the University System, resolves:

To open a call for the public offer of employment for different positions within this organisation with employment contracts under various research projects, as listed in the annexes of this resolution, in accordance with the following requirements:

One. General rules

1.1. The purpose of this offer is the selection of staff to fill various positions for research projects through the competition system.

1.2. In accordance with the provisions of Article 89 of Organic Law 2/2023, of March 22, of the University System, this selection process must be carried out in accordance with the provisions of the aforementioned law and its implementing regulations.

The specific university regulations included in the Organic Law of the University System, the Law of Science and the Statutes of the Universitat de València, as well as in the regulations of this call, will also apply.

1.3. The selection processes for each call will be carried out through a competition that will consist of the evaluation of merits and an interview.

1.4. The allocation of positions to applicants who pass these selection processes will be carried out according to the order of points obtained, provided that they meet the requirements for each job position in the annex of each call.

1.5. This call will be published in the Diari Oficial de la Generalitat Valenciana (DOGV), on the official notice board <https://webges.uv.es/uvTaeWeb/CambiarLenguajeDoAction.do?idioma=en&servicioNavegacion=-1&grupoNavegacion=-1> of the Universitat de València and on the website of the Human Resources Service (Administrative and Services Staff [PAS]), <https://www.uv.es/uvweb/administrative-service-staff/en/research-staff/calls/introduction-1285931138641.html>.

Publication in the DOGV will be taken as a reference for the purposes of calculating the deadlines for the submission of applications.

The other publications that derive from the events that form the selection process will be published on the official notice board and on the website of the Human Resources Service (PAS), research section.

Two. General requirements for applicants

Applicants must meet the following requirements to be admitted:

2.1. Be a Spanish national, a national of a member country or be from any of the states in which, by virtue of international treaties established by the European Union and ratified by Spain, free movement of workers applies in the terms by which this legislation is defined in the Treaty of the European Union. In this event, it is necessary to submit proof of having applied for an EU residence card.

Likewise, applicants of nationalities other than those mentioned above may apply and will only need to meet the requirements established in current regulations. Applicants who are allocated positions offered must provide proof of at least their work and residence permit at the time of hiring.

2.2. Be at least 16 years old on the day of the closing date of the application submission period.

2.3. Hold one of the academic qualifications that appear in the annex corresponding to the call applied to, or be in a position to obtain the corresponding qualification on the closing date of the application submission period.

In the event that qualifications have been obtained abroad, at the time of hiring, it is necessary to be in possession of documents showing official homologation or declaration of equivalence in Spain, and a photocopy of the same must be attached to the application.

When qualifications have not been officially homologation or declared as equivalent, this requirement may be replaced by proof of having started the process for homologation or declaration of equivalence. The contract will be terminated if the competent academic authority denies homologation, understanding an application to be denied when it is conditioned to the fulfilment of certain requirements which have not been met.

2.4. When a language level is required, the Universitat de València Equivalence Table for L2 certification <https://www.uv.es/pasinvest/web/escrits-per-a-penjar-en-la-web/Taula-equivalencies-llengues-UV.pdf>, approved by the Agreement of the Consell de Govern de la Universitat de València of July 10, 2018 (ACGUV 156/2018) will be used for its evaluation. Language courses will not be evaluated, only the levels attained.

2.5. Not suffer from illness or be affected by physical or mental limitations that are incompatible with the exercise of the relevant duties.

2.6. Not be suspended from exercising public functions, or have been dismissed from any administrative or public position through disciplinary proceedings. Applicants who are not Spanish nationals must also prove that they are not subject to any disciplinary action or criminal conviction that prevents them from accessing the civil service. Failing this, a copy of an application for issuance must be provided, without prejudice to the sworn statement of the interested persons.

All these requirements must be met at the end of the application submission period and maintained during the selection process.

Applicants are responsible for the veracity of all the information stated in their application and the documentation provided, and may be liable in the event of falsehood, without prejudice to their exclusion from the selection process where relevant.

Three. Applications

3.1. Interested persons must meet the requirements indicated in the annex corresponding to the call applied to. Applicants must submit their applications, together with their CVs and documents showing their alleged merits through the electronic application form that the Universitat de València will make available to them and for which the link (URL) will be published on the PAS Research Section website <https://www.uv.es/uvweb/administrative-service-staff/en/research-staff/calls/introduction-1285931138641.html>, from the day when this resolution is published in the DOGV.

To complete the application form, the Universitat de València has made a guide available to interested persons that can be accessed at the following guide:

<https://www.uv.es/uvweb/administrative-service-staff/en/research-staff/-guide-fill-application-form/application-guidelines-1286178596863.html>.

Those who have any difficulties carrying out the electronic procedure can access the Universitat de València ICT support tool via the following link: <https://www.uv.es/virtual-office/en/incidencies-i-comunicacions/incidencies-i-comunicacions.html>. For any other questions about the details of this call, please contact the team at the Research Management section of the PAS Human Resources Service, through the following link: https://tiqueting.uv.es/create-ticket?goto=form&organization=30&department=48&team=327&ticket_type=439&type=both.

3.2. The application submission period will close 10 business days from the next business day following the publication of this resolution in the Diari Oficial de la Generalitat Valenciana (DOGV).

Four. Documentation to be attached electronically

Several documents must be attached to the electronic form, preferably in PDF format. The said documentation must be inserted in the tabs and space allocated to it. As follows:

4.1. The PDF document of academic certificates or the receipt of issuance fees must be inserted in the fourth tab. In the case of foreign certificates, it will be necessary to show proof of the relevant recognition or equivalence, or have initiated procedures for the same.

Other PDF documents that show any other requirements necessary for the call must also be inserted in this tab.

4.2. The PDF document of the National Identity Document (DNI), Passport or Foreigners' Identification Number (NIE) must be inserted in the fifth tab. These last two documents are only required if the applicant is not a Spanish national.

4.3. The CV must also be inserted in the fifth tab as a PDF document or ZIP, through the model set out at the following link: <https://www.uv.es/uvweb/administrative-service-staff/en/research-staff/-guide-fill-application-form/sample-curriculum-vitae-1286178597054.html>.

It will not be necessary for the attached documents to be collated at this point in the procedure. A responsible statement made by the interested person on the authenticity of everything stated in the application and the attached documents will be sufficient, without prejudice to the fact that the committee or Universitat de València may require applicants to prove the veracity of the circumstances and documents provided, and evaluated, at any time.

Five. Selection system

5.1. The selection process will be composed of a competition consisting of the evaluation committee's assessment of the applicants' curricular merits, and, where appropriate, conducting an interview.

Merits will be evaluated in accordance with the scale that appears in the annex corresponding to the call applied to. Merits for which proof has not been provided within the application submission period will not be taken into account for the resolution of the competition.

5.2. The committee may, if deemed appropriate, conduct an interview with the applicants. The number of applicants who continue to the interview phase will be determined by the criteria of the evaluation committee.

5.3. Once the selection process has ended, the applicants' scores will be published and proposals for hiring will be carried out through the Universitat de València official notice board

<https://webges.uv.es/uvTaeWeb/CambiarLenguajeDoAction.do?idioma=en&servicioNavegacion=-1&grupoNavegacion=-1> and on the website <https://www.uv.es/uvweb/administrative-service-staff/en/research-staff/calls/introduction-1285931138641.html> .

5.4. The allocation of positions called will be carried out by resolution of the management, and will also be published on the notice board and the website mentioned in point 5.3. of this regulation.

5.5. The evaluation committee may declare the selection procedure void in the event that, after evaluating the merits and, where appropriate, conducting interviews, the profiles of the candidates with the best scores do not fully meet the profile of the position and the needs of the project.

5.6. The job pools that derive from these selection processes will remain in force for the duration of the research project for which the calls were opened. Calls to applicants will be made according to the order of the pool.

Six. Evaluation Committee

6.1. The evaluation committee is that which appears in the annex corresponding to each call.

6.2. The provisions of the Agreement of the Consell de Govern de la Universitat de València (ACGUV/303/2021) which approves the Roadmap on public integrity measures, prevention and fight against fraud, corruption and conflicts of interest will apply to the members of this committee.

To this end, they must complete the relevant declaration of absence of conflict of interest (DACI), which will be attached to the committee's constitution certificate, and form part of the administrative file. There will be a model standardised by the Universitat de València on the following website: <https://www.uv.es/uvweb/administrative-service-staff/en/research-staff/internal-management-recruitment/dacis-1286158520581.html> .

6.3. The committee will clarify all questions that may arise in the application of these rules and everything that must be done in unforeseen cases.

6.4. The committee's procedure for action will meet the provisions of Law 40/2015, of 1 October, on the Legal Regime of the Public Sector at all times.

6.5. For communication and any problems that may arise, the evaluation committee's office will be located in the place indicated in the annex corresponding to the call applied to.

Seven. Hiring

7.1. Once the selection processes of this call have been completed, the contracts will be executed in writing and the most appropriate contractual arrangements from those in force at the time of this execution will be used for the purpose of the same.

7.2. The start date will be set out in the proposed contract, depending on the needs of the projects and provided that it is administratively feasible.

7.3. Contracts may be terminated for any of the causes provided for in the Workers' Statute or in other applicable legislation, in addition to those stated in the contract itself. Among these, the following will be established:

7.3.1. Completion or exhaustion of the budget allocation.

7.3.2. Completion of the tasks assigned to the employee's position within the project.

7.3.3. Completion of the project.

Eight. Information on collected data

8.1. The Universitat de València is the entity responsible for the data provided by applicants for this selection process. The information received will be exclusively processed for the purposes of the call in addition to subsequent staff management, where appropriate, in accordance with the provisions of existing data protection regulations.

Part of the data may be published on the Official Notice Board of the Universitat de València and on the website of the Research Management Section. In addition, data will also be transferred to the members of the evaluation committee for the assessment of merits and, where relevant, to resolve any complaints made.

8.2. Those who wish to access the selection process file and consult the data of other applicants must previously request access from the Evaluation Committee or the HR Service (PAS), PAS-Invest Section.

In the abovementioned request they commit to keeping the duty of confidentiality of the data and using the appropriate discretion, only being able to use the data for the purpose of raising a possible complaint or allegation.

The use or disclosure of this data other than in the cases mentioned above may imply liability in accordance with current legislation.

8.3. For more information on data processing, please consult the following link: <https://www.uv.es/pasinvest/web/escrits-per-a-penjar-en-la-web/guia-presentacio-solicit/Proteccio-Datos-UV-cast.pdf>.

Nine. Language clause

The full text of this resolution and annexes have been written in English, Valencian and Spanish. All three versions are official; however, the Spanish version is to be used in case of discrepancy.

Ten. Appeals

An optional appeal for reconsideration may be filed against this resolution, which exhausts administrative remedies, before the same body that issued the resolution within a period of one month from the day following its notification or publication. A contentious-administrative appeal may be filed before the bodies of the contentious-administrative jurisdiction of the Community of Valencia within a period of two months from the day following its notification.

The appeal provided for in Law 39/2015, of 1 October, of the Common Administrative Procedure of Public Administrations may be filed against the actions of the evaluation committee.

Likewise, the administration, if appropriate, may review the resolutions of the court in accordance with the aforementioned regulation.

Valencia, 05 of june of 2025. The rector, by delegation (DOGV 30/05/2022), the Manager: Juan Vicente Climent Espi.

ANNEX I

Project: «Electrical control of spin waves in two-dimensional multiferroic materials (2D-SWIMS). (CIDEXG/2023/01). CPI-25-290», in charge of the Program for the support of talented researchers - GenT Plan, grants announced by Resolution of November 14, 2022, of the Regional Department of Innovation, Universities, Science and Digital Society (currently: Regional Department of Education, Culture, Universities and Employment), for the 2023 financial year.

Public offer of employment for a researcher in training position.

1. General conditions of the position offered

1.1. Job title and classification:

Researcher in training.

Group: A

1.2. Working hours: 35 hours per week.

1.3. Aid allocation: According to the provisions of Annex I, point One, section 8.a).1 of the Resolution of November 14, 2022, of the Regional Department of Innovation, Universities, Science and Digital Society (currently: Regional Department of Education, Culture, Universities and Employment), which calls for, for the year 2023, grants from the Program to support talented researchers - GenT Plan. (DOGV 9473 / 18/11/2022).

1.4. Functions and tasks to be carried out:

- First-principles calculations to study the structural, electronic, and magnetic properties of low-dimensional materials.

- Use and management of electronic structure programs with periodic boundary conditions.

- Research and study of the magnetic properties of two-dimensional magnetic and ferroelectric materials.

1.5. Purpose and duration: investigation of magnetic properties in two-dimensional materials and heterostructures

The contract will be determined by the duration of the project and budget availability.

1.6. Requirements

1.6.1. Qualifications: Degree in the Branch of Sciences.

1.6.2. Have been admitted to a PhD programme at the Universitat de València at the time of hiring.

2 Scale

2.1. Preferred merits

2.1.1. The average mark of the academic transcript in the studies of *licenciaturas* (former Spanish 5-year degrees), architecture, engineering, undergraduate degrees, *diplomaturas* (former Spanish 3-year degree), technical architecture or technical engineering, on a scale of 0 to 10, calculated in accordance with Royal Decree 1125/2003, of 5 September, which establishes the European system of credits and the qualification system for official degree programmes, regarding the total credits evaluated in the first and second cycle.

2.1.2. Collaboration Grant from the Ministry of Education: 0.05 points

2.1.3. Extraordinary Award in a *diplomatura, licenciatura*, undergraduate degree or master's degree: a single value of 0.25 points will be assigned for obtaining any of these awards.

2.1.4. Scientific publications related to the contract objective (up to a maximum of 1.70 points):

2.1.4.1. For each publication in a journal listed in the Citation Index, or, in the case of Social Sciences and Humanities, in a journal deemed equivalent by the research committee: 0.5 points

2.1.4.2. For each publication in scientific journals not listed in the previous point: 0.25 points

2.1.4.3. For each participation in congresses or other national or international scientific gatherings with a paper, presentation or poster: 0.05 points

2.2. Other preferred merits related to the contract objective (up to a maximum of 3 points).

- Degree in Physics.
- Master in Physics.
- Experience in DFT calculations.
- Experience using solid-state physics programs such as VASP and Wannier90.
- Experience in magnetic theory.
- Experience simulating two-dimensional ferroelectric materials.

The committee may agree to conduct an interview in order to better determine the value of the preferred merits.

3. Evaluation committee members

President: Eugenio Coronado Miralles, professor at the Departament de Química Inorgànica.

Vocal 1: Jose Jaime Baldovi Jachan, researcher at the Institut de Ciència Molecular.

Vocal 2: Amparo Chafer Ortega, professor at the Departament d'Enginyeria Química.

Vocal 3: Rossella Cecilia Mello Centonze, professor at the Departament de Química Orgànica.

Secretary: Laura Escuder Gilabert, professor at the Departament de Química Analítica.

4. Alternate evaluation committee

President: Enrique Orti Guillen, professor at the Departament de Química Física.

Vocal 1: Julia Perez Prieto, professor at the Departament de Química Orgànica.

Vocal 2: Salvador Garrigues Mateo, professor at the Departament de Química Analítica.

Vocal 3: Enrique Garcia-España Monsonis, professor at the Departament de Química Inorgànica.

Secretary: Carmen Molins Legua, professor at the Departament de Química Analítica.

For communication and any problems that may arise, the evaluation committee will be based at the Institut de Ciència Molecular (ICMOL), of the Universitat de València.

ANNEX II

Project: «Effective field theories in hadron and nuclear physics. CPI-25-291», in charge of the Prometeo Program for research groups of Excellence of the Ministry of Education,

Universities and Employment (currently: Regional Department of Education, Culture, Universities and Employment), (CIPROM/2023/59) grants announced by the Resolution of October 20 2023, for the 2024 financial year.

Public offer of employment for a researcher in training position.

1. General conditions of the position offered

1.1. Job title and classification:

Researcher in training.

Group: A

1.2. Working hours: 35 hours per week.

1.3. Aid allocation: As established in Annex XI, section First 6.a).1 of the Resolution of October 20 2023, of the **Regional** Department of Innovation, Universities, Science and Digital Society (currently: Regional Department of Education, Culture, Universities and Employment), grants are called for the 2024 financial year from the Program for the promotion of scientific research, technological development and innovation in the Valencian Community (DOGV 9710 / **24.10.2023**).

1.4. Functions and tasks to be carried out:

- Study the interaction of two hadrons
- Perform analytical calculations of the next-to-leading order interaction
- Analyze lattice QCD data using effective theories.

1.5. Purpose and duration: conduct research on the interaction of two hadrons with heavy quarks using effective theories to study the dynamics of exotic resonances and perform lattice QCD data analysis

The contract will be determined by the duration of the project and budget availability.

1.6. Requirements

1.6.1. Qualifications: Degree in physics.

1.6.2. Have been admitted to a PhD programme at the Universitat de València at the time of hiring.

2 Scale

2.1. Preferred merits

2.1.1. The average mark of the academic transcript in the studies of *licenciaturas* (former Spanish 5-year degrees), architecture, engineering, undergraduate degrees, *diplomaturas* (former Spanish 3-year degree), technical architecture or technical engineering, on a scale of 0 to 10, calculated in accordance with Royal Decree 1125/2003, of 5 September, which establishes the European system of credits and the qualification system for official degree programmes, regarding the total credits evaluated in the first and second cycle.

2.1.2. Collaboration Grant from the Ministry of Education: 0.05 points

2.1.3. Extraordinary Award in a *diplomatura*, *licenciatura*, undergraduate degree or master's degree: a single value of 0.25 points will be assigned for obtaining any of these awards.

2.1.4. Scientific publications related to the contract objective (up to a maximum of 1.70 points):

2.1.4.1. For each publication in a journal listed in the Citation Index, or, in the case of Social Sciences and Humanities, in a journal deemed equivalent by the research committee: 0.5 points

2.1.4.2. For each publication in scientific journals not listed in the previous point: 0.25 points

2.1.4.3. For each participation in congresses or other national or international scientific gatherings with a paper, presentation or poster: 0.05 points

2.2. Other preferred merits related to the contract objective (up to a maximum of 3 points).

- Previous research experience.
- Knowledge/experience in hadronic physics.
- Programming knowledge.
- Statistics knowledge.
- Experience with effective theories and QCD lattice data analysis.

The committee may agree to conduct an interview in order to better determine the value of the preferred merits.

3. Evaluation committee members

President: Nuria Rius Dionis, professor at the Departament de Física Teòrica.

Vocal 1: Raquel Molina Peralta, professor at the Departament de Física Teòrica.

Vocal 2: Vicente Muñoz Sanjose, professor at the Departament de Física Aplicada i Electromagnetisme.

Vocal 3: M Victoria Castillo Gimenez, professor at the Departament de Física Atòmica, Molecular i Nuclear.

Secretary: Jose Manuel Bordes Villagrasa, professor at the Departament de Física Teòrica.

4. Alternate evaluation committee

President: Oscar Manuel Vives Garcia, professor at the Departament de Física Teòrica.

Vocal 1: Manuel Jose Vicente Vacas, professor at the Departament de Física Teòrica.

Vocal 2: Francisco Javier Garcia Haro, professor at the Departament de Física de la Terra i Termodinàmica.

Vocal 3: Gabriela Alejandra Barenboim Szuchman, professor at the Departament de Física Teòrica.

Secretary: Susana Planelles Mira, professor at the Departament d'Astronomia i Astrofísica.

For communication and any problems that may arise, the evaluation committee will be based at the Institut de Física Corpuscular (IFIC), of the Universitat de València.

ANNEX III

Project: «Retos experimentales y teóricos en la frontera de intensidad: sabor y nueva física (RETIS). CPI-25-292», Prometheus Programme for research groups of Excellence of the Regional Department of Innovation, Universities, Science and Digital Society (currently: Regional Department of Education, Culture, Universities and Employment),

(CIPROM/2022/36) grants announced by the Resolution of October 06 2022, for the 2023 financial year.

Public offer of employment for a researcher in training position.

1. General conditions of the position offered

1.1. Job title and classification:

Researcher in training.

Group: A

1.2. Working hours: 35 hours per week.

1.3. Aid allocation: As established in Annex XI, section First 6.a).1 of the Resolution of October 06 of 2022, of the Regional Department of Innovation, Universities, Science and Digital Society (currently: Regional Department of Education, Culture, Universities and Employment), grants are called for the 2023 financial year from the Program for the promotion of scientific research, technological development and innovation in the Valencian Community (DOGV 9449 / 14.10.2022).

1.4. Functions and tasks to be carried out:

- Activities at CERN's LHCb experiment: triggering and reconstruction in the RTA (Real Time Analysis) environment, contributing to the operation and maintenance of the detector, and data analysis.

- Studies of the technical proposal for the LHC's ALADDIN fixed-target experiment.

1.5. Purpose and duration: triggering, reconstruction, and data analysis in the LHCb experiment at CERN. R&D for the technical proposal for the ALADDIN experiment.

The contract will be determined by the duration of the project and budget availability.

1.6. Requirements

1.6.1. Qualifications: Degree/Bachelor's Degree in Physics or Degree/Bachelor's Degree in the Branch of Architecture and Engineering.

1.6.2. Have been admitted to a PhD programme at the Universitat de València at the time of hiring.

2 Scale

2.1. Preferred merits

2.1.1. The average mark of the academic transcript in the studies of *licenciaturas* (former Spanish 5-year degrees), architecture, engineering, undergraduate degrees, *diplomaturas* (former Spanish 3-year degree), technical architecture or technical engineering, on a scale of 0 to 10, calculated in accordance with Royal Decree 1125/2003, of 5 September, which establishes the European system of credits and the qualification system for official degree programmes, regarding the total credits evaluated in the first and second cycle.

2.1.2. Collaboration Grant from the Ministry of Education: 0.05 points

2.1.3. Extraordinary Award in a *diplomatura*, *licenciatura*, undergraduate degree or master's degree: a single value of 0.25 points will be assigned for obtaining any of these awards.

2.1.4. Scientific publications related to the contract objective (up to a maximum of 1.70 points):

2.1.4.1. For each publication in a journal listed in the Citation Index, or, in the case of Social Sciences and Humanities, in a journal deemed equivalent by the research committee: 0.5 points

2.1.4.2. For each publication in scientific journals not listed in the previous point: 0.25 points

2.1.4.3. For each participation in congresses or other national or international scientific gatherings with a paper, presentation or poster: 0.05 points

2.2. Other preferred merits related to the contract objective (up to a maximum of 3 points).

- Master in Advanced physics with a background in particle physics.
- Pre-registration or admission to a PhD program in Physics.
- Knowledge of general computing environments and tools for scientific use (Linux, C++, Python, Mathematica, etc.) and specific ones for particle physics (ROOT, RooFit, etc.), as well as machine learning techniques and tools (CatBoost, XGBoost, Scikit-learn, TMVA, TensorFlow, etc.).
- Attendance at specialized courses, seminars, and workshops in particle physics.
- Written, spoken, and read English.

The committee may agree to conduct an interview in order to better determine the value of the preferred merits.

3. Evaluation committee members

President: Nuria Rius Dionis, professor at the Departament de Física Teòrica.

Vocal 1: Fernando Martinez Vidal, professor at the Departament de Física Atòmica, Molecular i Nuclear.

Vocal 2: Francisco Javier Garcia Haro, professor at the Departament de Física de la Terra i Termodinàmica.

Vocal 3: Jose Manuel Bordes Villagrasa, professor at the Departament de Física Teòrica.

Secretary: M Victoria Castillo Gimenez, professor at the Departament de Física Atòmica, Molecular i Nuclear.

4. Alternate evaluation committee

President: Sergio Pastor Carpi, researcher at the Institut de Física Corpuscular.

Vocal 1: Maria Aranzazu de Oyanguren Campos, professor at the Departament de Física Atòmica, Molecular i Nuclear.

Vocal 2: Vicente Muñoz Sanjose, professor at the Departament de Física Aplicada i Electromagnetisme.

Vocal 3: Susana Planelles Mira, professor at the Departament d'Astronomia i Astrofísica.

Secretary: Gabriela Alejandra Barenboim Szuchman, professor at the Departament de Física Teòrica.

For communication and any problems that may arise, the evaluation committee will be based at the Institut de Física Corpuscular (IFIC), of the Universitat de València.
