#### LETTERS OF REFERENCE:

The deadline to receive directly from the referees the 2 reference letters is the same as the student applicants. Referees can send the letter after and/or before student applicants online application but in due time.

#### 2.3. Selection procedure

The procedure of students' selection is oriented to quality and successful study fulfilment. As WOP master programme requires a great effort, students should be willing to dedicate an important number of hours to different types of tasks (e.g. reading articles, preparing reports, front-teaching). So, students' selection involves a rigorous evaluation of knowledge skills and motivational aspects. The process of selection includes the presentation of the CV and an interview with the candidate. Usually, before interviewing the selection Committee analyses the Undergraduate Degree (i.e., Bachelor degree) to assess its validity to study the Master. According to the rules of the WOP-P Consortium, it is required that all of the five European partner Universities consider valid the University Undergraduate Degree of the candidates according to the regulations of the country of each partner University. Under these circumstances, if one or more partner Universities of the WOP-P Consortium does/do not consider as valid the University Undergraduate Degree of the candidate, his/her candidacy will not be considered as valid for the scholarships of the Consortium and for the acceptance in the Master WOP-P. Otherwise, because of the complexity of selection process of candidates for WOP-P Consortium grants and/or for the acceptance in the Master, the steps corresponding to this selection process should be implemented in parallel. Thus, interviewing one candidate for WOP-P Consortium grants and/or for the acceptance in the Master does not assure he/she fulfil the compulsory requirements of the WOP-P Master (e.g., Psychology Diploma).

During the process maybe the candidate is requested to present additional documents, which can provide further evidence of their preparation and qualification.

So, in every institution the internal coordinator interviews the candidates, and carries out the exam or tests to assess previous knowledge and skills related to the discipline. Afterwards, such coordinator establishes a ranking considering applicant's merits and formulates a proposal of the candidates to be accepted by the WOP Coordinating and Selection Committee. Please, consider that the interview is an important part of the selection process. If the interviewer does not receive any answer from the student candidate to schedule the interview in due time, his/her candidacy will be withdrawn from the process. Taking this into consideration, his/her candidacy will not be considered as valid for the WOP-P Consortium Scholarship and/or for the acceptance in the Master WOP-P.

The Selection Committee decides on both the grant holders and the candidates accepted to be enrolled in the WOP master programme. There is no appeal procedure against the decision of the WOP International Selection Committee. Please, also be aware that no further information about the results of your selection process of interview will be provided by phone, e-mail or personally.

**The European universities (Home for mobility 1 and Host for mobility 2) where the selected students will be enrolled will be decided by the WOP Coordinating Committee. The decision will be based on the students' preferences; the need to obtain a balanced distribution among partner institutions; and the students' fluency in the languages used in WOP programme (English, French, Italian, Portuguese and Spanish)**

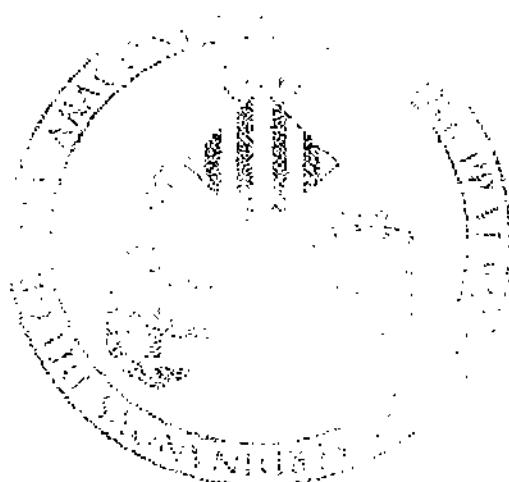

### 3. WOP-P CONSORTIUM GRANTS/SCHOLARSHIPS

<sup>4</sup> According to the definition established in the Erasmus + programme guide valid for the applications corresponding to 2016

#### 4. Tuition Fee

The Tuition Fee and other Participation Costs for the WOP-P Programme for academic year 2016-2017 is:

- **STUDENTS TYPE A:** 8,000 Eur (eight thousand Euro) per academic year.
- **STUDENTS TYPE B:** 2,600 Eur (two thousand six hundred Euro) per academic year.

The WOP-P Programme requires mobility, which implies to study in different universities. The costs of the fees of these activities are included in the fees of the Master. However, the costs of traveling, lodging, living, etc. are not included in the fees of the Master, so the WOP-P student has to cover these costs necessarily by herself or himself.

Tuition fee for registration in WOP-P Master does not include the amount for mark certificates or any kind of official document that the student may need. So, if any student needs any mark certificate or any kind of official certificate in one of our WOP-P Universities, he or she should pay the current fees for those official documents.

Participation costs include an insurance policy, the compulsory university insurance, registration, university id. cards and the student's record management.
