

**DECLARATION OF STAY IN EXTERNAL LABORATORIES WITH RISK OF EXPOSURE TO IONIZING RADIATION**

- The personnel not belonging to the University of Valencia, but usually works in IRA1737 radiological areas, as well as workers belonging to the University of Valencia UV, who plan to perform work with risks of ionizing radiation in laboratories not belonging to the UV, must take into account the following rules:
  - ✓ The researcher must notify the Radiological Protection Area, which will inform them of the necessary documentation: medical examination, and training in radiation protection.
  - ✓ The researcher must inform of the details of the stay (place, dates and type of radiological areas), and provide the document of the external center (if requested). Once the necessary documentation (medical examination, dosimetry and training) has been checked by the Radiological Protection Area, a declaration of stay will be sent to the researcher, who must return it signed.

**EXPOSED WORKERS (NOT BELONGING TO THE UV), IN THE RADIOACTIVE FACILITY OF THE UNIVERSITAT DE VALÈNCIA.**

- Workers not linked to the University with a CSN Supervisor or Operator license, associated with the UV Radioactive Facility, must send annually a copy of the medical examination to the Radiation Protection Area, as well as dosimetry (if available in other radioactive facilities).
- Users of laboratories belonging to the UV radioactive facility IRA1737, without a CSN Supervisor or Operator License, must sign a risk information receipt (GE\_RECIBÍ), becoming responsible for the radioactive material, as well as for providing information on the existing risks to persons accessing the laboratory. Besides, they must send to the Radiological Protection Area an annual medical certificate, for working with risk of exposure to ionizing radiation.
- The worker will be provided the following information: Operating Regulations, Internal Emergency Plan, basic training on radiological risks and protection measures, and procedure for the protection of exposed pregnant workers (PTR12).
