SUMMARY

Practicum I is a compulsory subject in the third year in which students, tutored by lecturers from the Faculty of Physiotherapy and an internship tutor, complement the theoretical and practical content received during the degree with the experience of developing practice in a real healthcare context. The external placements provide students with the opportunity to experience the professional reality from a privileged perspective that offers them, simultaneously, a first contact with the world of work and a space for learning and reflection on the profession.

PREVIOUS KNOWLEDGE**RELATIONSHIP TO OTHER SUBJECTS OF THE SAME DEGREE**

There are no specified enrollment restrictions with other subjects of the curriculum.

OTHER REQUIREMENTS

The student has successfully accumulated a total of 90 ECTS credits.

COMPETENCES / LEARNING OUTCOMES

-

Acquire sensitivity to environmental issues.

Apply quality-assurance mechanisms in physiotherapy practice, according to recognised and validated criterion.

Assess the evolution of the results of the physiotherapy treatment regarding the goals and the results criteria. Indicators: Is the student able to assess de results of the applied physiotherapy treatment

Work in teams.

Write systematically the Physiotherapy Clinical History. Indicators: Is the student able to carry out the Physiotherapy Clinical History in an organised manner Is the student able to fill in the Physiotherapy Clinical History during the patients evolution

Write the physiotherapy discharge report. Indicators: Is the student able to write the physiotherapy discharge report

DESCRIPTION OF CONTENTS

1. Contents

Those aspects of the subjects from the first, second and third degree courses in Physiotherapy with application to the real context of hospital practices and private placements, guided by the academic tutor and the clinical tutor.

WORKLOAD

PRESENCIAL ACTIVITIES

Activity	Hours
Attendance at the public internship centre	75,00
Attendance at the private internship centre	75,00
Monitoring and tutoring of internships	3,00
Total hours	153,00

NON PRESENCIAL ACTIVITIES

Activity	Hours
Independent study and work	3,00
Preparation of supplementary reports	12,00
Preparation of the internship report and evaluation of the internship	12,00
Total hours	27,00

TEACHING METHODOLOGY

Tutorials

- Each student will be assigned an academic tutor from the physiotherapy department, who will be in charge of guiding him/her throughout the internship period and of planning a tutoring schedule to properly follow-up the subject.
- Attendance at these tutorials is obligatory.

Internship attendance

- The number of internship hours for each rotation and type of placement for the 2025-2026 academic year is provided in the subject manual.
- The students will complete the total amount of hours in two different settings, distributed between public concerted centers and private placements (physiotherapy clinics, mutual insurance companies, patient associations, senior centers, sports clubs, special education schools), whose scope of professional action is physiotherapy. The internship tutor must be a registered physiotherapist.
- Attending the internship is mandatory.

- Likewise, before starting the internship, it is mandatory to have a negative certification of crimes of sexual nature (Organic Law 1/1996, on the Legal Protection of Minors, amended by Law 26/2015 and Law 45/2015).

Final memory

At the end of the internship, the student must submit a final memory. Its characteristics will be explained by the academic tutor and published in the subject manual.

EVALUATION

Internship: 70%

Tutorials: 5%

Final memory: 25%

All the assessment instruments are developed in the subject manual, published on the website of the Faculty and in the Virtual Classroom.

The student will be informed in more detail through the subject manual, published at the beginning of the course on the Faculty website.

The final grade for the course will be the weighted sum of the marks obtained in each block of the evaluation, as long as the student has obtained at least 50% of the maximum mark in each of them.

The Subject's Manual will be published at the beginning of the course on the Faculty website and on the Virtual Classroom.
