## OTHER REQUIREMENTS

## COMPETENCES / LEARNING OUTCOMES

### 1300 - Degree in Political and Public Administration Sciences

Be able to effectively communicate, both in writing and orally, knowledge, procedures, results and ideas to both specialised and non-specialised audiences.

Be able to relate and structure information from diverse sources and to integrate relevant ideas and knowledge in the field of political science and public administration.

Be able to use the theories, procedures and tools of political science and public administration in real-life professional practice (specification, design, implementation, deployment and evaluation of solutions).

Develop the learning skills needed to complete further studies or training with some degree of autonomy.

Have knowledge and ability to understand essential facts, concepts, principles and theories relating to political science and public administration, and to the spectrum of other reference disciplines.

Know and be able to analyse electoral processes, both from an institutional point of view and from the point of view of the behaviour of collective and individual actors.

Know and be able to analyse the structure and functioning of public administrations.

Know and be able to interpret historical political and social frameworks so as to have a better understanding of current reality and future prospects; be able to manage historical documentary sources and to conduct comparative analyses of continuity and discontinuity in situations of change.

Know the main theories and approaches of political science and public administration, as well as ideas and forms of political organisation.
