**COORDINATION**

GONZALEZ CUSSAC JOSE LUIS

**SUMMARY**

'Intelligence for Political Action' is an optional subject in the curriculum, corresponding to the Management and Public Administration specialisation.

**PREVIOUS KNOWLEDGE****RELATIONSHIP TO OTHER SUBJECTS OF THE SAME DEGREE**

There are no specified enrollment restrictions with other subjects of the curriculum.

**OTHER REQUIREMENTS****COMPETENCES / LEARNING OUTCOMES****1335 - Degree in Political and Public Administration Sciences**

Pensamiento crítico.

Students must be able to apply their knowledge to their work or vocation in a professional manner and have acquired the competences required for the preparation and defence of arguments and for problem solving in their field of study.

Students must be able to communicate information, ideas, problems and solutions to both expert and lay audiences.

Students must have acquired knowledge and understanding in a specific field of study, on the basis of general secondary education and at a level that includes mainly knowledge drawn from advanced textbooks, but also some cutting-edge knowledge in their field of study.

Students must have developed the learning skills needed to undertake further study with a high degree of autonomy.

Students must have the ability to gather and interpret relevant data (usually in their field of study) to make judgements that take relevant social, scientific or ethical issues into consideration.

Trabajo en equipo.

## DESCRIPTION OF CONTENTS

### **1. The need for information is a historical constant.**

### **2. What is intelligence?**

2.1. Intelligence as knowledge. The intelligence cycle.

2.2. Intelligence as an activity.
