SUMMARY

The Master's final assignment is the culmination of Postgraduate course. With a load of 14 credits, it requires extensive dedication on behalf of the student, who must prove a proper mastering of the course contents and be able to write down a well-structured and consistent document.

The Master's final assignment is individual and unpublished. The students are advised to consult and make use of bibliographic sources and databases.

The Master's final assignment will be presented and defended in a public session in front of the Assessment Committee, formed by doctor professors.

PREVIOUS KNOWLEDGE
