SUMMARY

This course is part of the subject 'Introduction to professional activity and research in archaeology'. It consists of various activities aimed at the training of students in aspects related to professional and research work. It will be given by guest lecturers.

PREVIOUS KNOWLEDGE**RELATIONSHIP TO OTHER SUBJECTS OF THE SAME DEGREE**

There are no specified enrollment restrictions with other subjects of the curriculum.

OTHER REQUIREMENTS

Students must have completed at least 20 credits obligatory for the Master.

COMPETENCES / LEARNING OUTCOMES

2143 - Master's Degree in Archaeology

Adquirir y asumir los principios de la ética profesional o investigadora en relación con la Arqueología de cara a su futura labor profesional y respetar la legislación en materia de Patrimonio arqueológico.

Analizar y sintetizar información de manera crítica. Trabajar de forma autónoma, resolviendo problemas y tomando decisiones.

Be able to access the information required (databases, scientific articles, etc.) and to interpret and use it sensibly.

Capacidad de utilizar las herramientas informáticas, cartográficas y estadísticas adecuadas para la actividad arqueológica profesional o investigadora.

Capacidad para desarrollar un tema de investigación, defender públicamente sus resultados y resaltar adecuadamente los puntos esenciales de su aportación personal, elaborando una memoria clara y concisa.

Conocimiento de los procedimientos administrativos y la legislación referida al Patrimonio Arqueológico.

Students should apply acquired knowledge to solve problems in unfamiliar contexts within their field of study, including multidisciplinary scenarios.

Students should be able to integrate knowledge and address the complexity of making informed judgments based on incomplete or limited information, including reflections on the social and ethical responsibilities associated with the application of their knowledge and judgments.

Students should possess and understand foundational knowledge that enables original thinking and research in the field.

Valorar las estrategias de desarrollo de la actividad de campo y de gestión, o de investigación en Arqueología. Habida cuenta de que cualquier actividad de campo, de gestión o de investigación en Arqueología requiere una adecuada comprensión de los objetivos, tiempos, medios y recursos disponibles, así como una planificación adecuada de las metodologías y acciones a llevar a cabo en relación con los mismos.

DESCRIPTION OF CONTENTS

New Developments and Trends in Archaeological Management and Research

1. Osteoarchaeology seminar (5 h).
2. Lecture series by invited researchers (10 h).

Thus, the course is structured around a specific seminar and a lecture series delivered by invited specialists, in which recent research results and experiences from ongoing projects related to archaeological management and research are presented. These sessions will allow students to engage

directly with the most up-to-date archaeological research, fostering the updating of knowledge and the understanding of methodological approaches.

WORKLOAD

PRESENCIAL ACTIVITIES

Activity	Hours
Theory	15,00
Total hours	15,00

NON PRESENCIAL ACTIVITIES

Activity	Hours
Attendance at other activities	0,00
Individual or group project	5,00
Independent study and work	5,00
Preparation of lessons	0,00
Preparation for assessment activities	5,00
Resolution of case studies	0,00
Total hours	15,00

TEACHING METHODOLOGY

Each seminar is coordinated by the director of the Master, who will according the CCA schedule the various activities to be performed within it, mainly readings to be discussed collectively in subsequent sessions.

EVALUATION

The assessment of the course will take into account the following aspects:

1. Completion of specific reports on the invited speakers. The detailed content of these reports will be specified in the assessment section of the course's Virtual Classroom.
2. Attendance and participation in the lectures.
3. Active participation in the discussions organized by the teaching team after the completion of the lecture series.

REFERENCES

- The visitings professors will provide the appropriate bibliography to the students, according to the topic dealt with in the lectures.
