SUMMARY

This is a Seminar specialising in a monographic theme linked to the New Journalism axis of the Master's Degree. It may vary depending on the course, as it is an open format, which can take the form of both conferences and theoretical and practical workshops.

PREVIOUS KNOWLEDGE**RELATIONSHIP TO OTHER SUBJECTS OF THE SAME DEGREE**

There are no specified enrollment restrictions with other subjects of the curriculum.

OTHER REQUIREMENTS**COMPETENCES / LEARNING OUTCOMES****2239 - Master's Degree in New Journalism, Political Communication and Knowledge So**

- Be able to carry out theoretical work in the specific field of communication and journalism.
- Be able to define a transversal and multidisciplinary conceptual framework with the aim of determining the interconnections between society, politics and the media.
- Be able to detect and analyse communication-related issues arising in different modes of social relations and political activity.
- Be able to detect and analyse issues related to communication in the form of information, propaganda, communicative action or publicity, among others.
- Know the difference between informational communication and persuasive communication, both within organisations and in the relationship between organisations, society and their political communities.
- Know the traditional and current relationship between public opinion and the media, taking into account different social and political contexts, the implementation of the knowledge society and the relevance of ICTs.
- Respect and promote fundamental rights, equal opportunities and non-discrimination on the grounds of economic status, ethnic origin, sexual orientation or beliefs.
- Respect and promote the principles of equality between men and women, universal accessibility for people with functional diversity, democratic values, the culture of peace and sustainability.
- Students should apply acquired knowledge to solve problems in unfamiliar contexts within their field of study, including multidisciplinary scenarios.

----------	-------

Theory	12,50
Total hours	12,50

NON PRESENCIAL ACTIVITIES

Activity	Hours
Attendance at other activities	20,00
Individual or group project	30,00
Independent study and work	0,00
Preparation of lessons	0,00
Preparation for assessment activities	0,00
Resolution of case studies	0,00
Total hours	50,00

TEACHING METHODOLOGY

The teaching methodology is based on:

- a) Attendance and active participation in workshops and seminars.
- b) Debates
- c) Case studies

EVALUATION

The general grading system will follow the University of Valencia regulations approved by the Governing Council on 30 May 2017. ACGUV 108/2017.

Assessment will be based on:

- Active participation in sessions: 20%
- Preparation of the workshop report/assignment (in groups): 80%.

The resit will be based on the preparation of the workshop report/assignment (in groups) and will count for 100% of the mark.

Attendance at 80% of classes is required in order to be assessed on class participation.

Spelling and grammar will be required for both the exam and practical exercises. Each spelling, typographical or expression error will result in a reduction of the mark obtained, which may lead to a fail.

Intellectual honesty is vital in academic communities and for the fair assessment of students' work. All work submitted for this course must be original. Assignments that involve fraudulent collaboration will not be accepted, in accordance with the 'Procedure for Dealing with Fraudulent Practices at the University of Valencia' approved by the Governing Council on 14 July 2020. ACGUV 123/2020. The use of artificial intelligence tools shall comply with the provisions of the 'Guidelines for the Responsible Use of Artificial Intelligence (AI) in Teaching and Assessment Activities at the University of Valencia' or any legislation that supersedes it.
