SUMMARY

PREVIOUS KNOWLEDGE

RELATIONSHIP TO OTHER SUBJECTS OF THE SAME DEGREE

There are no specified enrollment restrictions with other subjects of the curriculum.

OTHER REQUIREMENTS

COMPETENCES / LEARNING OUTCOMES

-

Act autonomously in learning, make informed decisions in different contexts, issue judgements based on experimentation and analysis and transfer knowledge to new situations.

Apply the knowledge and skills acquired to solve problems in new or unfamiliar environments within broader (or multidisciplinary) contexts related to the field of study.

Be able to communicate effectively, both orally and in writing, adapting to the characteristics of the situation and audience.

Be capable of addressing issues related to the transmission of scientific knowledge in the Western world.

Be capable of applying appropriate procedures in scientific research on the history of the formation of the Western world and the responsible application of its results while embracing democratic values, human diversity and equality and multiculturalism.

Be capable of arguing the principles of different theories explaining the historical processes that characterise the formation of the Western world.

Be capable of explaining the creation and development of political spaces and the structuring of power in the context of the formation of the Western world.

Be capable of grasping the complexity of social processes and the factors involved in the origin, development and resolution of conflicts in the context of the formation of the Western world.

Be capable of implementing high levels of analysis and synthesis of content in the field of research and presentation of historical and humanistic topics.

Be capable of integrating knowledge and dealing with the complexity of forming judgements based on incomplete or limited information including reflections on the social and ethical responsibilities linked to the application of knowledge and judgements.

Be capable of recognising the different schools of historical thought relevant to the thematic area of the master's degree.

Be competent in the skills, abilities, techniques and tools specific to the research work of historians in the specific field of the master's degree.

Be competent in writing and presenting innovative research work in the historical and humanistic field, addressing essential debates and meeting the formal requirements of scientific activity.

Be qualified to search for and critically assess historical sources from the ancient, medieval and modern periods relevant to the master's degree.

Collaborate effectively in work teams, taking on responsibilities and leadership roles and contributing to collective improvement and development.

Contribute to the design, development and implementation of solutions that respond to social demands, considering the Sustainable Development Goals as a reference.

Demonstrate critical and self-critical reasoning in the field of the degree, considering aspects such as professional ethics, moral value and the social implications of the different activities carried out.

Know and understand, within the area of the degree, inequalities based on sex and gender in society; integrate different needs and preferences based on sex and gender into the design of solutions and problem-solving.

Know how to apply the essential scientific and humanistic aspects of historical research relating to the formation of the Western world.

Know how to apply the knowledge acquired to the evaluation of historical sources and bibliography specific to the master's degree.

Know how to present research results orally and in writing in one or more of the historical areas covered by the master's degree through a structured and coherent discourse adapted to its intended audience.

Possess the necessary skills for lifelong learning as well as for autonomous work and teamwork in multidisciplinary groups related to the study, analysis and dissemination of topics on the history of the formation of the Western world.

Propose creative and innovative solutions to complex situations or problems within the field of knowledge to respond to diverse professional and social needs.

DESCRIPTION OF CONTENTS

WORKLOAD

PRESENCIAL ACTIVITIES

Activity	Hours
Theory	30,00
Total hours	30,00

NON PRESENCIAL ACTIVITIES

Activity	Hours
Attendance at other activities	0,00
Individual or group project	0,00
Independent study and work	0,00
Preparation of lessons	0,00
Preparation for assessment activities	0,00
Resolution of case studies	0,00
Total hours	0,00
